## 47-1102 - Shriner Temple, Phoenix, AZ (Paragraphs: 26 - 37)

L-27 Now, that's what I questioned. And I'm not going to ask you right out in the public like that, because many of you might put up your hands and say that you didn't understand. But I believe that there's some of you here, for I know this by the Spirit... Try to pull myself away this afternoon, talked just as stern as I possibly could.

Notice, in the Spirit now I feel that there's going to be many, many things happen...?... mark... (See?), because there's faith setting there.

I know a man setting right in the building right now that's afflicted. I can call that man to this platform; he'd be healed right now. That's right. I know he's here in the building. I feel his spirit is coming from the left side of me, over here. That is true.

L-28 I wonder if the little Spanish girl from Sacramento that was setting in that building that night, and set there; and she was setting way back in the building, and she had said within her heart... She was Catholic. She said, "I can't get to where Brother Branham is. But if he will only look at me in the eye, I'll be healed." I knowed nothing about the girl. She'd been down and set... down farther than Long Beach, or somewhere in there, with the meetings.

I come into the service that night; I was preaching. And when I was preaching, I seen the--the seemed like the faith kept pulling it, just to my right side. I looked back down, and way down through the building, I said, "That young lady, setting back so far, tell her to come here." I said, "Come here, young lady."

And I've got her testimony. She almost fainted. She said, "Me?"

I said, "The little round hat on, come here." Walked humbly up. She had tubercular. I took her by the hand, I said, "You have tuberculosis. But 'THUS SAITH THE LORD.'" That was all. It was done. The next morning she re... gave her heart to Christ. She was baptized and brought her family.

And she's to meet me here in Phoenix. I don't know where the girl is. Are you in the building, sister? Anywhere now, from Sacramento, up there at California? She's to be over here in the Phoenix meeting this time. If you are, raise up. Stand up, if you are, I might miss your hand somewhere, if you're in the building: a little Spanish girl, I guess about eighteen, twenty years old, something like that. She's to be here. She'll witness to you this week. That's just one of the things of the hundreds has taken place.

L-29 Now, it can do the same thing here. And I'll call your attention if this man shall come in the line; because I'm afraid to call him now, because it will be conspicuous, sound like. I don't have just the preeminence to call him at this time, but I know he's here. There's a man here that's a perfect stranger, never seen him before in my life, just as deaf as deaf can be. That's right. But he's setting here.

If that man is in the building this af... If that man comes in this prayer line this afternoon, and I get to touch him under this anointing that I have now, the man's ears will be perfectly opened. THUS SAITH THE LORD. If that isn't right, then call me a false prophet. I could call him to the platform. If He gives me one more... I'm waiting just a second to see what He says about it. Now, watch and see what I tell you.

L-30 Now, we're going to form the prayer line just in a few moments. And I want you to do this: If there be a modern skeptic in the building, I warn you in the Name of the Lord Jesus, do not set in the building during this time, for cancers, deafness, epileptic, they come from one to another. I'll explain that later. You all understand?

How many's heard me explain how diseases are germs, and germs are life. You're a germ yourself; you

come from the germ of life. Is that right? Well, if you come from your--by your father and mother, a germ of life... A cancer is a germ; a cataract is a germ; a tumor is a germ; tubercular is a germ. Is that right? Where did they come from? What kind of life are they? The doctors call... That's medical names, saying, "cancer, cataract," so forth like that. Jesus called them a devil. Is that right? And that's what they are. And anyone knows "a devil" means "a tormentor." And it's something that's tormenting your body.

**L-31** Now, I want to know the... How many believes that God has sent His gift of healing? Now, let's see. God bless you. Oh, my, eighty-five percent of the crowd believes. Then, under such as that, I'll assure you to see the glory of Almighty God.

Now, remember, while I step out for a word of prayer, after having prayer with you here, if... Let me give you some advice. For my sake and for your sake, it'll only cause reproach.

Remember, one thing too. This is not a gift to perform miracles. He... The last time He spoke to me was at Vandalia, Illinois. Is anybody here from the Vandalia meeting, was up there at Vandalia, Illinois? A person in the building here that was there when the Angel of the Lord came down, and said, "You are confined. It'll come to pass... [Blank.spot.on.tape--Ed.] [[Malachi 4:2](#)]

**L-32** Do you believe I'm Jesus' servant...?... Father...?... standing near you...?... Cancer. Vibration over my hand. We realize that her days is very short, not long until this soul that once lived here on the earth will be moving on to another dwelling. And life is dear to people all of them. We desire You will heal her this afternoon. Spare her life as she's wanting You to... Won't You Father? I remember when Your great Spirit has brought these things. The Angel of God met me that night in the room, come forth now, and help to give power over this demon.

Thou demon, called cancer, I adjure thee, by Jesus Christ, the Son of the living God, leave the woman. Thou demon of cancer, I adjure thee, by Jesus Christ, the Son of God, come out of the woman. (...?... )

Heavenly Father, we thank Thee for Thy power of healing. We thank Thee, because Thou does hear now answering the prayer. I pray, Father, that this woman will serve You all the days of her life. All glory and praise be unto Thee in Jesus Christ's Name. Amen. All right...?... every vibration...?... Name.

Now, remember, you're going to be terribly sick in a few hours, terribly sick as a result of the death of that cancer. Have you ever been in my meetings before? All right. Your cancer is dead now. And you notice what I tell you. I'll be here for eight weeks. And you'll find out that I've told you. During that time I want you to come to the platform and testify of your condition. Your cancer's leaving you.

**L-33** Mister...?... see, your soul's worth that to Him. You're nervous, awfully nervous. That's what's caused your stomach trouble, 'caused a condition of, something like acid rises in your stomach, and causes you to have a burning sensation, and brings a condition...?... foul breath it seems like. That right? How do you think I would know that? That's right, sir. I never seen you before in life as I know of, but there it is. I want you to notice here, right under these bumps...?... see those...?... Watch them. See how they...?... That's a vibration a condition of it...?... started...?... ulcers all over...?... Now...?... And if that's to stop, see what I mean? Those, like a white streak? See those little white spots, now watch them come and go. Now, that is...?... All right. Now, if I leave my hand like that, and those stop, and it turns white like this, then you're healed. If it isn't, it'll stay there. You'll serve God, won't you? If you can live... Our heavenly Father, this man, wearing a buttoned coat shows that he is a servant, Lord, and fights for that which is dear to all of us. And we thank Thee for his gallant soul, for it is... brings back... Now, I pray, dear God, that this day, that Thou will show to him that the very rights that he's fighting for, the freedom of religion, a place to worship according to the dictates of our conscience, that You will reign in this place by healing him. God...?... [Blank.spot.on.tape--Ed.]

**L-34** Keep that...?... Now, you just proved that...?... Now, faith comes...?... Dear God, that this man might know that Thou art truly the Son of God, the...?... his life, that I be Thy servant. Help me to have power to go forth to meet this demon that binds him...?... Thou demon, I adjure to leave the boy in the Name of

Jesus Christ of Nazareth, come out of him. There he goes. Now, young man...?... Now, it's not...?... You understand that, boy? I'm not...?... All right, now...?... Now, you, audience, can raise head just moment. I'll call your attention in a few moments to one great...?...

Now, my hand...?... laid hand on her hand, which is red slightly over this...?... and the little white pimples like stopped when it healed, coming across my hand. Is that right, sir? And my other hand is normal and fine. I never moved my hand. Set right between the conditions, against my stomach, laying right like this. Never moved it up or down, exactly where it was. And my hand's absolutely white. Now, something visible happened of it, something that you could see with your eyes.

**L-35** Are you a Christian? Now, you remember when you were saved? You went forth and believed God with all your heart? 'Cause something happened to you, wasn't it. You testified to it ever since. Satan has talked to you, tried to get you to doubt that, and get away from that. But you held out. Do the same thing. Your stomach trouble will be gone if you do that...?... That ulcer and everything will be healed up. You'll be a well...?... to you? Anthony, New Mexico. If you're back in this area, will you come to the platform and testify in the next few weeks, and tell the people what happened they might know? What's your name? Barnett? God bless you Brother Barnett.

Listen for the boy's testimony. It's perfectly clear. The longer I held my hand there, you notice how white it gets all the time? You're healed, sir. God bless you.

Let's say, "Praise the Lord", everybody. Bow your heads now and give praise...?...

**L-36** You put your hand on mine. What's that? What? Feel it with my hand what it was. Now, watch. Got a bad bleeding ulcer. You're also suffering with...?... Now, look. See how...?... looks on my hand now...?... Look at this one here. See how...?... Now, watch, and be--be reverent. Do you believe that Jesus can heal...?... ?

Our heavenly Father, Thou Who knows all things, knows the healing virtues that Thou hast died for at Calvary, bring forth Thy power. As Elisha said, after seeing Elijah taken, he said, "Let the God of Elijah speak." Let the God of Christ speak.

Thou demon, I adjure thee to leave the lady. In the Name of Jesus Christ of Nazareth, come out of her. I want you to raise your head, sister. Up. See the light? Now, you can see that with your eyes, can't you? The red spots will leave, setting...?... Is that right? Now, go home, you're going to be well. Go and praise God for the rest of your days, and God has let you be whole. Praise the Lord daily. Testify for Him when I only met you. God bless you.

**L-37** Sister, you're--you're facing a nervous breakdown. Been very nervous, really worried. You get worried feelings. Seems like you just... Well, you don't know what to do with yourself. Is that right? All right. You thought lots of coming to be prayed for, haven't you? All right. You can go home and be well now. If I would ask the...?... of life, you do this for Him.

Almighty and all omnipotent God, the Father of our Lord Jesus Christ, Who brought Him again from the dead... [Blank.spot.on.tape--Ed.]

Leave her, in the Name of Jesus Christ, the Son of God. Come out.

### **47-1207 - Shriner Temple, Phoenix, AZ (Paragraphs: 47 - 97)**

**L-48** Believe, sister, with all your heart? Dear heavenly Father, seeing that our sister here is suffering with this hideous demon, Thou art near to liberate her, Father, that she'll be well. Grant it, dear God.

Thou spirit of the devil that has bound this woman, I adjure thee, by Jesus Christ, to leave her. There it is...?... every speck is clear. You'll be well then. Have you had...?... Now, you just...?...

How long have you had this arthritis, sister? Now, don't doubt anything. You don't? You want to serve God, don't you? Father, in simple faith, our sister comes this afternoon, crippled here, with this arthritis, and also has been bothered with this blood pressure and many pains, Father. Her poor body is breaking down. And You, Who sent Your great Angel in the room that night, said I was to take this to

the people, O God, may her faith reach in for it now.

Satan, you bound our sister. I adjure thee to leave her in the Name of Jesus Christ. Now, sister, it stopped so quickly, that I believe a miracle has been performed on you. Now, don't doubt anything. I want you to raise your feet up and down like this, real... Move your hand. There you are. Now, walk right out and down the steps. A miracle has been performed on the lady. Walk on, sister. Now, you can raise your head and look. There she is, stiffened up with arthritis...

Let's say, "Praise the Lord," everybody. Let's give God a praise of this type, friends, like this, for...?... See how that the Father works? She was crippled up with arthritis.

**L-49** Now, bow your heads, everyone, and be in prayer. Just be real reverent like that. God will just grant great things. I believe this.

Our heavenly Father, I thank Thee for Thy goodness and Thy mercy. And I pray, dear God, that You'll show mercy to our dear brother who's come many miles now to be healed. Help him, Father, while we pray.

Satan, thou power of infirmity, leave the man; in the Name of Jesus Christ, I adjure thee to leave him.

Sir, the only... You heard me tell about the lady with cancer awhile ago? Well now, the same thing that's happened to the lady with the cancer that was dying has happened to you now. Every vibration, everything that I know to tell you, it's over. So you can go and be healed. God bless you. God bless you, sir.

**L-50** You believe if I'll ask God, He'll let you have back your eyesight again? I see you have a little more than that ulcer, don't you? Yes, sir. What kind of asthma did... Now, there's only way that I'd ever be able to know those things, sister, and tell you that would be by God. Is that right? For it's... Only way I know you have it, I can tell the vibrations, know you got a asthmatic...?... for it. Now just believe with all your heart. Our Father, You Who reveals the secrets of all hearts, I pray that You'll be merciful to sister now. After, by Your grace and Your help, O God, Thou knowest how I feel, standing here now, since Sunday before last: Your Presence gone, and now, Your Presence here, and that each one is passing...?... Help our sister, Father, just now, be healed. And this demon that's come upon her to cause this trouble and her eyes are going blind and Thou art... [Blank.spot.on.tape--Ed.]... in Jesus Christ' Name, come out of the woman, in the Name of Jesus Christ...?...

**L-51** The vibration's has [Blank.spot.on.tape--Ed.]...?... You...?... Look around through the room just a little bit and see if you can... Look around. See those lights up there? Can you count them? Point to them. Let's see if you can point now. That's right. That's...?... that way.

Somebody out in the audience raise your hand. Fifteen lights she sees in the building now. All right, someone raise your hand up out there. You see them hands. You see them hands. Wonder if that lady there with the green looking coat on, kind of a-a gray hair... Has she got just one finger up or has she got her whole hand up. Now, she changed it. Just a minute...?... If she could just... Raise your hand up again, sister. See? Now... Yes, yes. Can you tell her? Can you see that she's got a green sweater on from here? Yes, ma'am, that's fine. How many fingers would you think she has--she's holding up there? Can you count that far? It's kind of shadowy but... That's exactly right. Now, say, "Praise the Lord," everybody. You can raise your head.

Now, sister, your sight has coming and you're going to be a perfect well woman again. Let's give God a little praise like this, everybody please.

**L-52** When someone asked the other day why didn't people... Said, "What I can't understand, Brother Branham, is that people who are prayed for... and when they're healed," said, "the people in Pentecost, they usually like to shout so much," said, "wonder they don't do more shouting than that."

I said, "They are just dumbfounded. They're just the... They just... they just are--It just happened then." I said, "You ought to go outside of the building sometime and see them when they coming out of the building, then you would understand."

All right, now, bow your heads everyone while we pray.

**L-53** The ones that was here...?... the vibrations. Don't no one have nothing in your right hand, 'cause I...?... Every one bow your head. [Blank.spot.on.tape--Ed.]

Everything is put in the hand of God. While I was praying for the lady, the vibration stopped on my hand. Now, that came to me for her life. That woman wants to live as same as the rest of us. [Blank.spot.on.tape--Ed.]

And now, I believe with all my heart... She's a Phoenix woman; you'll see her on the street again, well. Now...?... Now, I thank you for your kindness of how you kept your heads bowed and things. You're awfully nice and I-I know that faith... I wished I'd have had that lady that had the--Sister Waldrop here to testify to her. I don't know where she's from.

And I wonder, Sister Waldrop, if you'd walk out here and give her a testimony, tell her your condition. Here goes one of your Phoenix women was dying of cancer. Fact it already had passed out, right here, with a cancer, when I was here in the other meeting. How many knows her, let's see your hand? Mrs. Waldrop, there she is. Hold--tell them to hold the ambulance just a minute. I want to try a testimony for this lady here. All right. Thank... [Blank.spot.on.tape--Ed.]

**L-54** Remember, my heart wants to be sincere with God; it'll be better, don't you think? Better to let them get healed than just let them pass it out. Don't you think so? Now, the lady will be well. She'll be like Mrs. Waldrop here, on the streets with you one of these days, and you'll be glad when the judgment comes that you set and was very reverent.

Now, if you'll bow your heads again while we pray for more. Yes, ma'am. Now, you're... How long have you known? You're... Now, see, the doctor's done all he knows how to do for you, sister. Now, your only chance is now. Just... Your loved ones has done what they can do; your doctor's done all he can do; now your Saviour, He can heal you. You believe that? All right. All right now bow your head then.

Father, realizing that life is near the end, for this our sister; she's going to leave us, Father. She's going out into dark eternity, somewhere. Thou knowest her conditions and knows her soul, and knows where she'd go to if she dies. You know us all, Father. You know us by name. You know every hair of our heads; You know all about us.

Our doctors has done all they can do all in their knowledge. They've given her x-ray, and they given her treatments, and she's constantly now the cancer's claiming her life. Thou alone can heal her, Father. Thou demon, I adjure thee by Jesus Christ the Son of God, that you come out of the woman.

**L-55** Now, just keep your head bowed, everyone and just try to hold her in your... Now, where do you live at, lady? Globe, Arizona. Nice country up there, isn't it? I want you to look at me...?... I don't want you to be melancholy; I want you just to try just let yourself relax now. You're going try? Are you--have you... You're married, are you? Uh-huh. Have some children? You have a boy overseas. You want to see him again, don't you, mother? You will.

I want him to see you too. Now, look here. I want you to be honest with me. I'm honest with you; you'll do the same with me, won't you? Now, there's something holding you back from your healing and I'm going to tell you what it is. Shall I tell you out, just let it go? You...?... in secret. Now, you know I know what it is, don't you? All right. Don't any more. No, I know...?... the revelation here. Now, you're... Yes, you can. God can take it away from you. Yes, but now look. There's no way in the world for me to ever know that, only by the revelation of God; but I found this cancer won't leave you. See? That's the reason it's holding. Now, you pray. Will you do it? By the mercy, you'll do it? Sure He will deliver you?

Father, she's willing now to lay it on the altar. God of heaven, You know how I could find that out; and I pray, dear God, that You'll take the desire from her now and that she'll never do it again. Satan, upon the confession of this woman, upon her desire to serve God with a pure heart, I come to You in the Name of Jesus Christ; come out of the woman.

Now, sister, looky here. Every vibration has stopped. You're free from your habit also. Go on now and

serve God with all your heart. You'll see your boy, sister. Put your arms around his neck and tell him, "Mother's delivered." Every vibration is stopped. Got a funny feeling, haven't you? Yeah, that habit's gone from you too. Now, keep it away from it as long as you live. God bless you.

**L-56** [A woman speaks to Brother Branham at length, during which Brother Branham speaks--Ed.] Yes. That is right, sister. God bless you. That's a good spirit to have. Now, just keep your heads bowed for a few moments. This lady's coming here to the service today. She flew in from Chicago here, and she's suffering here with here a tubercular, and she's got a hemorrhage--and just had a hemorrhage here. Uh-huh.

Dear God, Thou will regards faith. I imagine, Father, if that brazen serpent was still lift upon the plain, that people would fly across the sea to get to look upon that brazen serpent, because they know that others looked at it and were healed. And O Father, Thou has not lifted up a brazen serpent today, but Thou has ordained Thy gift. And the people are coming everywhere. And Father, this poor woman coming down from my own home country to be prayed for, thousands of miles across the mountains and deserts... She's laid in that hotel up there, Father, close to where somebody who didn't take You and committed suicide. And she's heard their scream and howls all week long. But almighty God, You're here today to stop the hemorrhage to send her back home, well woman. Grant it, Father. Will You hear the prayer of Your humble servant, I pray? And Father, I believe the woman will live a consecrated life to You, and give You all the praise and glory if You'll grant this to her. Now will You hear me, Father, this moment that's been looked forward to for weeks. Grant it, Father. [\[Numbers 21:8-9\]](#)

Thou demon that's bound my sister, I adjure thee to leave her, in the Name of Jesus Christ, the Son of the living God. [Blank.spot.on.tape--Ed.] I adjure thee, come out of her in the Name of Jesus Christ. Every vibration's stopped then. You'll be well woman now. So just go and believe Him with all your heart now. Not one vibration is...?... That's got it. God rewarded the woman of her fine faith...?...

**L-57** O eternal God, in Who's suffering [Blank.spot.on.tape--Ed.] Father, I pray for her healing, in the Name Thy Son Jesus.

Young lady, look here. You got an infection in your body of some sort. I can't catch it just what it is. I want you look at my hand here a moment. Look at this one here; then what if it's...?... wrong...?... Look at that...?... Even I believe you could almost feel that vibration yourself. You feel a little roar like? That's the hardest I feel--felt one hit. Coming through my whole body, it's shaking my whole being. Can you feel that? That's only the fourth time that anybody has ever felt a vibration themselves. Friends, I want you to raise your head a minute. Here's a vibration hitting so hard on my hand, till the lady can feel the shaking in my own hand. Can you feel it, sister? Tell them there. She can feel it herself.

**L-58** Now, she's suffering with a heart trouble, which is causing a block in her heart. She's got a asthmatic trouble also. She's extremely nervous, a deep thinker, and real--worry about things before it happens. And then so... Now, I want you to watch my hand, sister, yourself. So you could feel if it stopped. You can feel it. You must have a very good faith or something. Where you from? Superior? Is that Arizona, is it? Why, it's the first time. That's the fourth person that I've ever knowed that felt the vibration, the reaction of it. It's not the--the rolling and tumbling, but it's hitting so hard on my hand till it's rolling back there. She can feel it back.

Now, just bow your head. And you watch my hand, sister. And if it turns... It'll turn back normal like this one here if that leaves. Or you can tell it when it feels... Now, you see when the feeling of that leaves and my hand will turn normal.

Father, I pray for sister, that You will heal her. Thou demon, I adjure thee by Jesus Christ the Son of the living God come out of the woman.

You don't feel it now, do you? Look at my hand. Now, you may raise your head, audience. It's stopped now, hasn't it? You don't feel it at all. And there my hand's turned white. Now, you got a reaction of what I feel in vi--in vibrations for the sick people.

**L-59** Now, I want you to give a little testimony here. It felt to you more like--like you'd put your hand upon a--a rail that was charged with electricity, kind of a shaking. Is that right? And while I was praying, that's when it begin to lope--jump, and then all at once it went away. Is that right? That's when your air came in. That was one of your women from Arizona here. And then when looked down my hand which was red and had white spots on it had turned white. Is that right? See? Now, that's... I don't know the lady, never seen her in my life before. This your first time here? Been here every Sunday, wait to get your... That right? Well, you should go home now, rejoicing, sister, 'cause you're healed. God bless you. Let's say, "Praise the Lord," everyone. That's mighty fine. God be praised and blessed for it. The little lady's from Superior. Where's that at here in Arizona? Up towards Globe, up toward Globe. I seen your ad in the paper where you was cooperating. That's mighty fine. You're Brother Faulkner? Thank you, sir.

**L-60** Do you believe, sir, if I'll ask God it will leave you? I see you have a few more things, but that's your major thing, isn't it? Uh-huh. I think you got a ruptured nerve there or something that's going on...?... That's right, isn't it? Now, say it's in this ear over here, and your--your kidney. Is that right? All right, you believe with all your heart now it'll stop? See, these... On these... The only way I'd know that, is by some way I could tell it here. 'Cause you know you never said at the outlet...

Our heavenly Father, Thou Who knowest all things, come and be merciful to my brother. He's suffering now. And Father, by Your Spirit, by Your grace, I was able to tell the man what was wrong with him, Father, right to his face. How could he doubt when he's seen. But Thou art here to make him well. And I pray that he'll start right now, Father, and not suffer. May it all go away from him, and ever where he's from, he'll be thankful and tell the men that he works with and so forth, of Your great power, and someone else will hear, and they'll come and be healed; and they'll give their hearts to Thee. Lord, make him a testimony among unbelievers. I rebuke this demon, in Name of Jesus Christ.

There it stopped, sir. Every vibration left. God bless you, my brother. Be a testimony in your neighborhood now.

**L-61** [Blank.spot.on.tape--Ed.] been a deaf since last Sunday a week...?... Now, there's a vibration. I want you to look. Can you see my [Blank.spot.on.tape--Ed.] like in here [Blank.spot.on.tape--Ed.]... this one looks. See, now I put my hand... [Blank.spot.on.tape--Ed.]... pressure's on this. See? You can't see the spots, of course, from where you're at. How many can see it, like where the difference in the hand? Let see your hand. Certainly. Now, see on the balcony? Can you see the difference in the two hands? Now, this is the first deaf case. One of his ears are deaf. He's got a kidney disorder, suffering with his kidneys. All right. Just a moment. Everybody be lovely and reverent.

**L-62** Eternal God, the Author of Eternal Life and the Giver of every good gift, I've trying now, Father, to find favor with Thee for our brother. He's suffering. I know not him; Ye know him. And I pray, Father, that Ye will make him a testimony in the community where he is and among the men that he works with. May the--everyone he comes in contact with he will represent Ye, just like the others did in the days gone by, when You were here in flesh. I pray that You will grant this to my brother.

And now, Lord, the last deaf person I prayed for on this altar, I feel that I was out of Your will. But I thank Thee today, Father. I feel that You forgive me and I am in Thy will, and I pray that You will hear me.

And Father, I'm not asking You to perform a miracle, but I ask You, Father, before these people, that they might know that that Thy servant has been forgiven of his sin of trying to challenge unbelief to be prayed for, even that in above which the Son of God has said. I pray that You will open his ear immediately, Lord, that the people might know that Thou art Christ and I be Your forgiven servant.

Thou demon, I come to meet thee in the Name of Jesus Christ; I adjure thee, come out of the man. Come out of him thou spirit, in the Name of Jesus Christ, thou evil one that has deafened his ear and causing this kidney trouble; leave the man.

Now, just keep your heads bowed, friends. It's lessening. Hear me? Open your--raise your heads. How long you been deaf in that ear? Ever since he was born he was deaf in this ear. Listen at this now. Put my hand here. Oye? Oye? Oye? That's whispers. Listen here now. He's speaking back in Spanish, the... Oye?

**L-63** Now I want to offer a little prayer of thanks to God. Our heavenly Father, that man was born deaf, and now he can hear. Thou has testified by Thy own lips today that Thou has regarded Thy servant and has forgive me, Lord, of my stupidity that I did two weeks ago. And Father dear, let me always walk softly by You. And I pray that You'll let me serve You as long as I live. And then, Father, even if I get tired, I'll try to weary on. And then someday when life is over, may I meet every one that I've prayed for, Father, when we rally at Your throne. O Christ, grant it. How I thank You. With all my heart I thank You, Father. And I pray now that You'll continue to be with me and heal the sick people, for Thou seest that our doctors are just limited to certain power. But Father, Thy power is unlimited, and Thou has raised up a--a horn of--of healing to the people. And we thank You for it. And I pray, God, it'll continue on and on, in the Name of Thy Son Jesus Christ, I ask. Amen.

**L-64** Thank you very much for everything. All right. Let--let him run in before. Now, the child is in... Yes, young man. You understand English? You do? I see you're suffering with a tubercular. Now, look at my hands here. See them little spots coming up on my hand? Look at this one here. See the difference? Now, God has certainly regarded you Spanish people. I presume that's what you are, the Spanish speaking...?... There's many of them healed. I'm going down into your home country, down in Mexico, in a few weeks. I trust that you'll be a testimony. You will serve God, will you, young man? You will.

Our heavenly Father, You Who created this young man, Who brought him here to the earth, and he's just here, a youth, to mean so much to Your Kingdom, Father, among young men today that's gone astray... But he wants to serve You, and Satan has bound him, but now Thou has for him to be healed. [Blank.spot.on.tape--Ed.]... come today just as he--the children of Israel did to the brazen serpent: to look and live. Help him, Father, and may this young man to be a strong fine young... [Blank.spot.on.tape--Ed.]... with a testimony that'll just alarm among his people. Grant it, Father. May he start gaining weight from this very day.

Now, Satan, thou demon of tuberculosis, I come to meet thee in the Name of Jesus Christ. Come out of the boy. I adjure thee to leave him, in the Name of Jesus Christ.

**L-65** Now, young man, before I raise my head to look at my hand, my hand has turned white, hasn't it? Where it was red and flashing, I'm pointing to it. Is that right? Turned white... I kept my hand in the same position. Is that right. What's the matter? It's your sign you're going home to be well now. That's right, sir. All right, you may raise head, audience.

Young Spanish boy standing here the vibration of tubercular on--on my hand, and now, every bit of it has left, every bit of it. Now, you can go and be... Now, you was looking at my hand; you noticed it that that... You're all right. When you go home, you're going to get well and start gaining weight right away. Eat plenty of good wholesome food and get sleep. You're broke down, so just--to build up. Let's praise the Lord, every one.

**L-66** Believe it? You speak English? No. You speak English? Ask her if she will believe God will heal her. All right now, bow your heads everywhere, just...

Our heavenly Father, Thou art here to make the sick to be well again. And here stands this poor little old Spanish mother, crippled up here with rheumatism. Father, I--I cannot talk to her. She does not hear my prayer, doesn't understand it. But I know You do, Father. You understand all languages, speak in all languages. And I pray, dear God, that somehow that You'll let her know in her in heart that I'm interceding with all of my heart, Father, that You'll liberate her from this rheumatism today. Grant it, Father. And I feel that You're going to give us such a great meeting down in their country, down in Mexico. Now, may she walk out of the building whole today, Father. If it be Thy Divine will, grant it,

dear God, for I beg it for You, of You for her, in the Name of Jesus Christ.

Thou demon that crippled the woman up with rheumatism, leave her in the Name of Jesus Christ.

Keep your head bowed. Seemingly the vibration left her hand. I don't know what it's done for her. Now, young lady, you--you talk to her, and you tell her that I said to raise up her--her right foot like this. Now, tell her to walk following me; don't doubt nothing. Tell her to walk right on following me. Now, walk. Now, you can raise your head. Walk right here.

**L-67** Let's say, "Praise the Lord," everybody. She looked around; she just smiled like I knowed what she meant. Let's say, "Praise the Lord," everybody. My, isn't the Lord Jesus wonderful? Isn't He a wonderful Healer? Now, if you just bow your heads again, real lovely, for a few moments now, and...

Yes, ma'am. Sissy, how did that... Did you injure it some way; it's turned into an ulcer. Uh-huh. You don't know how it come? That's... It's probably some... You see the vibrations coming? It's an ulcer. How long have you had it, sister? Thirteen years it's been running. Now, do you believe if I'll ask the Lord Jesus...

Now, there's something there that's a doing that, keeping that corruption all the time coming from it. You see? Is it below your... Is it... Oh, in your ankle... Well now, how old are you? Twenty. Now, little lady, if I'll ask God with all my heart, do you believe that--that thing will just start to dry up, and get well now, and be well? Will you serve Him all your days? You'll love Jesus, and you'll serve Him? Will you do that? You will?

**L-68** Now, just bow your head. A little Spanish lady standing here that's got an open sore for years. It's an ulcer, running from her foot.

O Father, no doubt but what many doctors has took that foot into their hands and weeped. They've went to their prescription pad and wrote out different things, Father, just to help this little lady. They've done all they know how to do, Father. She's done all she knows how to do. And now, she's come to me, and I'm doing all I know how to do. And now, Father, I know You know how to do it. You're the only One that can do it. And there's why we're talking to You, Lord, from the very depths of our heart. Father, I believe that the little lady will be a testimony for You; her little life might be given to You, that You could use her to testify and tell her people of how that that sore had been on her for years. Now, Father, I pray that You'll hear me, for the praise of Thy Son, Jesus.

Thou, demon...?... the lady all these years, I come to meet... [Blank.spot.on.tape--Ed.] Name of Jesus Christ, I adjure thee... [Blank.spot.on.tape--Ed.]

**L-69** Little lady, if you raise your head... Something's happened around my hand here. It's turned a different color, hasn't it? Now, what's happened; that's my sign. That's... [Blank.spot.on.tape--Ed.] Now, do you believe that with all your heart? Do you believe you're going to get well? Where you live at, sister? Miami, Arizona. Oh, I believe I have an invitation to come up to your country up there. Now look, if I get to come up there, you going... [Blank.spot.on.tape--Ed.]... testify about this and tell the people that... You will? Now, you notice, in a few days... What you been bathing in? Salts, Epson salts or stuff like that? No, nothing so far. Now, you're--you're... [Blank.spot.on.tape--Ed.] look that place on there, that ulcer, it's going to start drying up; you'll begin to notice it, around the... [Blank.spot.on.tape--Ed.] like anything that's putting something on it to heal it. You see? But it's God has done the healing. See? The life that was in there causing that--that germ, the infection in there, is gone now. See? It'll--it'll start... Now, if you believe it with all your heart... You see, it's your faith that's going to save you. (You see?) if you believe it? Well, God bless you. You'll get well then.

**L-70** Doesn't matter... Got quite a few down there? Excuse me? Yes, I seen that.

Now, mother, of course you understand, the days are very short for you, aren't they? There's not much more can be done. And you want to live. I want to live; we all want to live, mother. Don't cry now. Don't... Now, look. I've got a dear old mother at home today, if she's living. I trust she is. She's praying for me. I've got a wife and two little children praying for me, a church of people praying, and all over

the nation. That's why I'm stay in the--way I am, sister. There's thousands and thousands praying for me everywhere. Now, Jesus hears their prayer.

Now, you've got a cancer. You know it, don't you?...?... Now, if you'll just believe. The others are healed. Not everyone that I pray for is healed. No, many of them die, mother. Many of... But what--it'll determine what it's going to do right away. I'll... You'll either get well or die right away. Now, you want to be well, and I'm going to ask Christ to let you get well. And you believe it with all your heart, your days will be prolonged for many years... You believe that? You believe...?...

**L-71** Our heavenly Father, as this poor old mother lays her hand on mine, and her hand all wrinkled up, I'm thinking, Father, of my own poor little wrinkled-handed mother, many miles away. No doubt but what this hand has washed a many a hard day in the tub; might've worked to keep soul and body together, raised the little children. When they would cry, there's no hands in the world could stroke back the tears and bring joy to their little cheeks, like this hand could. But now, Father, it's laying on mine. It needs a touch of another hand, the One that was scarred at Calvary, so freely... O Christ, help us to believe You, just take Your Word. And this big hideous demon of a cancer, blackened spirit; she's helpless, Father. The doctor's powerless. But Thou has power over him. I bring her to Thee, Father. Leading with my own unworthy hands, I lead her to You. Will You heal her, Lord? Now, give Thy servant's voice power, will You, Lord, that'll scare this cancer from her.

Thou demon, I come to meet you as the anointed gift of God. And I meet you in the Name of Jesus Christ. You come out of the woman. I adjure thee to leave her in the Name of Jesus Christ of Nazareth, leave her.

Now, mother, you've seen what's happened here. Now, go on your road rejoicing; doubt nothing. You'll get well now. Oh, my. Let's just give God praise. She said, "I knew all the time I would when I got to her." Bless her little heart.

**L-72** Mercy, here's another cancer case. Say you come from Chicago, lady? I'm going to visit that lovely city one of these days. I'm supposed to be there in this May, the last part of February, there at the stadium. I'm not sure yet. Will you come to the platform and give a testimony at the stadium when I get there, wherever I'm at? You will? All right. Now, not a...?... I want you to testify that God has healed you, if He will do it now, you'll love Him and serve Him all your days?

Now, just be real reverent. Here's a lady who's come many a hundreds of miles, yes, and the thousands of miles with a cancer. She's from Chicago.

Now look, sister, you're watching my hand there, I guess...?... see those spots, how they come and go all over my hand. Now watch, sister, when I'm praying. See them white spots going there? Watch...?...

[Blank.spot.on.tape--Ed.] Felt like it's...?... [Blank.spot.on.tape--Ed.]

**L-73** She's suffering with cancer. And Thou alone, Lord, can heal her. And she's come all the way from Chicago... [Blank.spot.on.tape--Ed.] Dear God, if You'll let... [Blank.spot.on.tape--Ed.]...?... And she's promised that she would...?... people. She would come up to the stadium if Thou should send Thy servant there, and will witness to the healing power. And You're the only One Who can take this demon from her body. Therefore, dear God, I come to You, asking with all my heart that You'll do it.

Satan... [Blank.spot.on.tape--Ed.]... this cancer, the very life of it. I come to meet you... [Blank.spot.on.tape--Ed.] of the Son of God, Jesus Christ. I adjure thee to leave her. Come out of her in the Name of Jesus Christ the Son of God.

Cleared on up there, didn't it? See how that was? It means, mother, that you're going to live yet, and will return to Chicago and give testimony for God.

You may raise your head, audience. Everything left the lady there. God bless you, my sister. What's your name? Mrs....?... God bless you.

Let's praise God. All the way from Chicago down to Phoenix, Arizona. All right.

**L-74** Look, that sister from Chicago. Now, you may have in a few days, a sick spell. But don't notice that.

You see? You're going to get sick and upset to your stomach. Don't notice that. Don't never notice nothing; just have it in your mind now to believe. See, that's the reaction of the... Just, you from Chicago, just a moment, sister. Turn around. Sister Waldrop, would you stand up? There's a lady that died in my prayer line with heart, colon and liver, about eight months ago, or two years. Is that right, Sister Waldrop? I told you'd have a sick spell. And you had it, didn't you, sister? So you see...?... there if you will.

Now, you have two ladies there. One that wasn't prayed for with a cancer of the heart, and here a colon, liver, and here is a lady just now prayed for from Chicago. Isn't it wonderful to see sisters, who talk one to another? One is healed and well, the other one's just been touched by the hands of God. Let's say, "Praise God," for His healing...?... All right.

**L-75** Yes, sir. I see you're... You have several things wrong. This burning in your chest, does it seem to be up around--up in this way? Oh, down at the...?... Oh, down in here. Yes. Now, I see a rheumatism... Have you...?... 'Course you have a cough too, don't you, cough quite a bit? Causes you to miss your sleep, everything, just cough and hacking in your throat...?... Now, there's only one way that I know that; that's through God, isn't it? That's the only way I'd know it. Now, you have faith and believe brother... [The brother speaks to Brother Branham--Ed.] Oh, thank you, brother. That's very kind of you, thinking that.

Dear heavenly Father, as my brother comes now with this... Satan's crippled him and bound him, and he's suffered. O God, he's just in a prison house. And You alone, Lord, can bring him out of this prison. You're the only One Who can make him get well. And he said, "I believe that Jesus--with all my heart. And I believe Jesus sent you here." God, what a testimony that he loves You. I know that You'll hear his prayer. I know You hear mine, Father, and that You're going to let him get well.

**L-76** Therefore, Satan, I come to meet thee in the Name of Jesus Christ. As God's anointed servant, I adjure thee, by Jesus that you leave the man and come out of him.

Yes, sir. God has seen your tears. He has seen your faith. And you're touched by His power now; you can walk on; be well. God--God bless you, my dear brother. Walk right on down the steps. You don't have to worry no more.

Now, friends, you can raise your head. (Get pretty used to it.) Let's praise the Lord. Then the thing... He said I'm praising. Glad I met you... Glad he met Jesus. We're thankful for that. Now, bow your head, everyone again, just for a few moments now.

**L-77** You've been pretty sick, haven't you? All right. Ask her if she'll believe with all of her heart now, she'll get well of the...?... The way you mothers here that... are near to your hemorrhage... Dear Father, I realize that Satan has set a trap. And now, he's caught our sister for her to have one of these brain hemorrhages now and leave the world. And You're the only One Who can dissolve that blood clot. But Father, will You do it? Grant it, Father. Satan has done this, and it's his work. But Thou art here to liberate our sister.

Satan, I adjure thee by Jesus Christ, the Son of God, leave the woman...?... brother... [Blank.spot.on.tape--Ed.]... in my heart. May the Lord God bless her. It stopped too. She's going to be all right.

Yes. Do you speak English? No. Ask her now, and tell her so she'll have faith to know that I know what it is. Tell her her stomach [Blank.spot.on.tape--Ed.] hurts. Just tell her. Mucho. "Mucho," that means "much" and "a whole lot." See what it is? She's got a gastric ulcer in her stomach. Now--now you tell her that how I could tell that, was by a vibration of her hand, so she'll know in order to have faith. "She believes," she said.

**L-78** All right. Now, if you'll bow your head. (How much time have we got left? Oh, it's five o'clock. We have five minutes. And then... See, we promised to let the people out...?... Let's see here just a moment.) Dear Father, You Who knows our heart, and knows our God, this poor old mortal is standing here. She's

suffering with this stomach trouble. And Father, I can't speak to her in her language, to let her know, Father, that this ulcer will have to dry up. It'll take a few days to do it, unless Thou does just go down and move it with Your hand and brush it away. You have the power to do this, Father, even make a new stomach. O Father, I know that's a miracle. But it'll be a miracle also, Father, secondarily, if You'll just let her get well. She wants to be well. The doctor has given her medicine, and she's tried. But seemingly can't catch the faith, Father, for the poor thing is nervous, that's causing this abdominal, called...?... I pray Thee, Father, to just give me that sign, and I'll tell her. And if she'll believe, she'll be well, won't she, Lord?

**L-79** Satan, you come out of her. I adjure thee by Jesus Christ, that you leave her. Brother Joseph, she... Now, you explain to her; tell her now that it'll just take her a few days to get well. The vibrations leave her. She's all right. Now, you're going... You're going to be well. It'll take maybe--maybe anywhere from one to fifteen days, or something like that, for you to be well. Tell her, after while she'll just... If she--if she can just forget about it... Tell her, "Just forget about it and go on. She just..." Tell her like...?... Tell her to always serve Jesus. God bless her heart. All right.

**L-80** You held your hand on the side...?... I don't see a vibration from it. Now, sir, there's only one thing that can help you then. There's a little lady that comes here not long ago, that her spine... it's... By taking a spine anesthetic, it done something, and her nerves from the waist down... And she taken it for childbirth. You see? And she was paralyzed all the way down, no feelings, couldn't walk or nothing. I prayed for her, and I guess it was somewhat about--about eight or ten days, and she was out on the street, walking, out of her wheelchair.

Now, if that God can heal that woman...?... Do you believe you'll get well if I'd ask the Lord Jesus to let you to get well? This your wife...?... And you want to be happy together. I know it. I know how you feel about yours, brother. When my wife called me awhile ago... I know how... You want to be happy together, and I want you to be happy together. Will you always serve Christ all your life if you'll just--if He'll let him get well? Now, regardless of whether it happens now... Now, you're to believe it's going to be done anyhow, don't you? Yes, ma'am. All right.

**L-81** Now, bow your heads, every one. We're going to pray for brother here who's paralyzed.

Dear Father, I--I feel those vibrations from the man, but he's paralyzed, dear God. Something has happened, dear God, that his nerves has died in the lower part of his body. You're the only One Who can make life come into those nerves again, take this condition away from him. Will You hear my prayer. Seeing his lovely little wife standing near him, O God, how she must feel looking at him, him looking at her, and to see other young couples down the street. O God, have mercy. Let him recover from this. Will You, God? You Who can make the deaf hear and the dumb speak, I pray that this will be the day that life will start back into those limbs again, this paralyze condition will leave him. I pray this blessing for him in the Name of the holy Son of God, Jesus Christ. Amen. [Blank.spot.on.tape--Ed.]

**L-82** ...?...that's from his body... You're have... You have an accident or something? Come on this month... Well, God bless your heart. Now, here. I want you to...?... I see how [Blank.spot.on.tape--Ed.] Why, sure you can. Why, praise the Lord. He's walking at it now...?...

Let's say, "Praise the Lord...?...". Let's say, "Praise the Lord," everybody. Now, bow your head, everybody now. [Blank.spot.on.tape--Ed.]

**L-83** My brother, you're in an awful condition too, I see. Do you believe with all your heart now? Now, regardless... And you know that I have promised God not to ask Him for miracles, faith. I see you have a vibration too. Yes, sir. I feel that. Now, there's no way at all that I'd ever know that, is there? Not a way in the world, only by Almighty God. Is that right? Now, there it is. You've got this ulcer condition. You're nervous. You're very nervous. And you've got a broken back. Now, if I'll ask God... I can tell whether your ulcer stopped or not, but the other depends on our faith. But if I'll ask God, you'll believe anyhow,

won't you? You will?

Dear heavenly Father, my brother's standing here with a broken back, and knows that there's no other way in the world for him to ever be well, only by You. He's suffering with ulcers also. You're the One, Father, the Healer Divine. You're He, Who can do all things. And I believe the man has faith, God. I believe it. And I believe he understands the story, Lord, of the Angel of God, and the visitation and Your gift.

Therefore, for this demon that's bound him, called ulcer, come out of the man. In the Name of Jesus Christ, I adjure thee to leave him. There goes your ulcer, sir.

**L-84** Now, Father, please have mercy for the brother. And may he be seen in this city, or wherever he comes in a few days, walking on his feet with his crutches on his back, walking along, testifying to the people, saying, "Why, I was once with a broken back, and it healed up just in a little bit. And I'm well, because Jesus Christ made me well." Grant it, Lord. And may this man testify of it, I ask in Jesus Christ's Name. Amen.

Sir, I really believe with all my heart you're...?... be well now. [Blank.spot.on.tape--Ed.]

"Now, I believe." He said, "I'll be healed, sir." It'll heal up, won't it, friends? Don't you believe it, everybody? Let's praise God for it now. All right. Bow your heads.

How much more time we got, Brother? Five o'clock. How many is here now that can't come back, and maybe we could get them to at least pass through the line and be prayed for. Got about twenty or thirty here that say they can't come back.

**L-85** And custodian of the auditorium, if you'll just--just--just bear with us just for a few minutes. I'll just have a prayer for these people and pass them through line. And I appreciate it very much for their time. Now, could you be reverent just a moment. I want to pray with each one anyhow. The loved ones, you here, you in the line here, that can't come back now for the next service... Well, will you--you go believe God if I'll just ask Him, you're going to get well, aren't you, young lady? You believe it. You believe it too, don't you, sister? You're going to get well, aren't you, if I ask God? Do you believe it? I guess she's... Oh, she's deaf. Oh, well, all right.

My, Brother Kidson brings me word here that there's a bunch back in the audience there, said if I just pray from the platform, they'd be healed. [Blank.spot.on.tape--Ed.] There's when God can move, isn't it? That's right. Now, all right. Bow your head, and I'll--I'll try to pray for just a few more. Give us about ten more minutes, and then we'll--then I'll pray for the entire audience then. That's lovely, friends. Christ will love you for that. Now, just a moment.

**L-86** Father, I pray with all my heart that You'll heal this boy and will make him well. In Jesus Christ's Name I ask it, Father. Amen. God bless you, young man.

Now, is this the young lady that's deaf here? Is she deaf and dumb...?... You're her sister? You're a niece? Was she born that way? She just went deaf and dumb. A paralysis made her deaf and dumb. Now, it can happen that way... Where you from, Phoenix? Oh, I see. Oh...?... there? Yes, ma'am. Well, last week, five from the meeting here went home speaking and hearing at a... Now, if you have faith, she's a... Now, of course, when she begins to talk or speak, it'll be like a little baby. You see? There's no vibrations from her; she's just paralyzed and things, paralyzed her nerves and vocal chords.

Now, here's a young lady that's deaf and dumb. She's from Michigan. And she speaks... Ma--Mesa. Excuse me, I didn't get it right, from Mesa. She's going to...?... And now, if she's... (She's had what, what? polio?) Polio paralyzed her hearing and... Of course, that's on the same nerve, we know, the speech and hearing. Now, if I'll ask God, the lady's going to believe that--that the girl's going to get all right. Now, He can open her ears now. That, I don't know. I can't say. He can make her speak now. I couldn't say. If He does, it'll be like a baby. She couldn't talk plain. But if the... If I ask... [Blank.spot.on.tape--Ed.] All right, make signs with her and ask her if she believes.

**L-87** Father, the lovely little girl stands here. Bless her heart. Demon come along and cut off her hearing

and her speech. And I don't believe she wants to be healed for any evil thing. But this other person standing by her, Lord, with tears in her eyes (...?... to be near her), wants her to get well, Father, so she can come back out of her school, and maybe go to church and hear the message and sing the praises of God. O God, I'm thinking of those five little children up in Oregon last week--or, Idaho. How that You healed them, brought them out of the school. And the doctors pronounced them well and sent them home to their loved ones. How that that lovely... [Blank.spot.on.tape--Ed.]

O Father, have mercy on her now. I pray that she'll recover from this immediately. And if it be Thy will, Father, when Thy servant sends out this rebuke, may Satan leave her now, and she be able to speak and hear right now. If not, Father, Thou knowest my heart. We believe that she will, for I ask him to leave her in Jesus Christ's Name. Amen.

**L-88** Now, keep your heads bowed, everybody. Everyone, keep your head bowed everywhere. Let the Lord and I watch this. Hear me? (Just keep your heads bowed. Her hearing is coming to her.) Seemingly, she's heard that. I ask if see heard me, not to think she can...

Every one, just a minute. This life's coming to it. If it's so... If God doesn't do it, it's perfectly all right. He will do it in time. This is healing and not miracles. Amen.

Hear me? You say, "Amen." [The girl says, "Amen."--Ed.] All right, raise your head, honey. Hear me? Do you hear me? Amen. [Amen.] Let's give God praise, everybody.

Now, sister, she's going to get an awful headache. The girl that's with her, she's going to have it... Oh, you're going to wait for her. She's going to have a headache, sister. And you tell her that she's... It'll make her head hurt, that she'll be all right. Don't worry nothing about it. God bless you. Says she hears me. Certainly she hears...?... [Blank.spot.on.tape--Ed.]...?...

**L-89** Sir? Here's a--a minister who brought his niece, and she's deaf. Now, you know about last--last Sunday a week, I don't ask for miracles. Now, bow your head, everybody.

Heavenly Father, as Thou art always near... And this lovely little lady comes up here to be healed. And I believe, Father, that Thou art here, and You hear the humility of our hearts. And may they bring the sick and the afflicted, and the deaf, and the dumb, and the blind. And Thou alone, Lord, can heal. I pray that You'll restore the hearing to this girl's ears. Will You grant it, dear Father. May she begin right now to hear me and get well. Nevertheless, Father, I believe Your promise, that You said, "If you get the people to believe you, nothing shall stand before your prayer." I believe it'll leave her, Father. Whether it does now or not, I know not. That's in Your power, Father, not in mine. And my power comes from You. And I pray that You'll give me power over this deaf spirit to drive it away from her.

Thou demon of deafness, come out of the woman in the Name of Jesus Christ.

She hears...?... I believe that. Especially the left one.

Hear me? Hear me? She's... Yes, that got it. (Just a moment now, she's...) Hear me? (All right. You may raise your heads.) If we just had time to wait here a little bit. She's got...?... Hear me? [Blank.spot.on.tape--Ed.]...?... God bless you...?...

Let's say, "Praise the Lord," everybody. All right, bow your head everywhere now.

**L-90** Ever who's with her, just tell her... It just starts coming now. (Bow your head, we've got a...) We got to hurry; he told me, it's ten minutes after.

Yes, ma'am. Now, sister dear, are you a minister's wife? Well, my wife knows how to sympathize with you, dear, since I'm gone, while I'm... You're... What it is, you have a gastritis of the stomach; you have stomach...?... [Blank.spot.on.tape--Ed.]

Dear Father, and Thou Who knowest the heart of all people, and this is Your servant... [Blank.spot.on.tape--Ed.]... a young minister... O God, may their life be fruitful for You, Father, for we feel we haven't got many more days to work, and then [Blank.spot.on.tape--Ed.] and we shall see Jesus. And Father, we... [Blank.spot.on.tape--Ed.] "Sirs, we would see Jesus." Oh, how we love Him. And I thank You for the young minister. And I pray, Father, that his life will be very fruitful. And his

companion comes up now today before You... [Blank.spot.on.tape--Ed.] that You have sent for him, that his wife might be healed. And now, Father, hear the prayer of Your servant. And as they go back to the country, praying, speaking, may they take this testimony that Thou art the Healer also.

Thou demon, leave this woman in the Name of Jesus Christ.

**L-91** God bless you, young lady. Every vibration of it has gone. Now look, your stomach's raw. It's like that there's come a rash on your hand, and you'd put something on it and it--and it started to getting better, not well. After while, you'll even forget you ever had it. You'll be all right now. God bless you. What's your husband's name? Walter Beckman. Now, this is... God bless you, young lady. That's mighty fine. [Blank.spot.on.tape--Ed.]

...?... Friend, setting up like this, she's wondering...?... head's hitting the back of a car... [Blank.spot.on.tape--Ed.]

He said, "That's all right. When I get up there to see Brother Branham, when I go back, I'll...?... [Blank.spot.on.tape--Ed.] place in my arm." The little boy was instantly delivered, took off the brace, and walked down the floor with it on his back. Is that right...?... ministers? Let's say, "Praise the Lord." O God. God bless you.

**L-92** See, God is real...?... Now, let's see. How many more? The brother says he's already... Guess they're going to have to close the doors. And if these people cannot come back, I'm just going to ask a prayer for every one of them. And let there be as many as there can through the line. (You will believe, will you, sister?) It's not that I... You understand how it is. I want to have a prayer with each one of you.

Let's... First thing I want to say, that we thank God for deliverance for every one this afternoon, don't we? Now, we want to pray for every one in the line, and let them pass through so I can put my hands on them. The Bible says, "They'll lay hands on the sick and they shall recover," didn't It?

**L-93** Our heavenly Father, Thou knowest that our time is up. And we know many times in...?... the multitudes, and went aside to rest. But, Father, this is the time that these ministers ought to be with their churches. And O God, may You send souls to be saved because of this afternoon. May their ministers be anointed tonight. May Brother Faulkner and Brother Outlaw, Brother Fuller, all the brothers here, Father, Your ministers in here, may they be so anointed tonight, that the power of God will be in their midst, and they'll speak like never before. May sinners weep their way to Calvary, and there be filled with the Spirit of God. O Father, may many, even tonight, be saved then.

And these who are coming through the line now, Thou knowest. And may Your Spirit be so strong that when they pass by, and I take ahold of their hand, may the blessing of God rest upon each of them. May they leave this building this afternoon rejoicing and thanking You for their healing; for we realize that faith is the substance of things hoped for, the evidence of things you don't see, taste, feel, smell, or hear. God grant it. May they all be well. And we offer Thee thanks and praise for all that You have done, and all that You're going to do yet, in the Name of Jesus Christ. Amen.

**L-94** Now, let's stand, every one of us just for a moment. Now, while I'm passing these through, I want you all to sing that song with me. And brother, one of the song leaders, will you come here, song leader? Ever who's the song leader for this--this...?... here... Come here, Brother Hershel. I want you to sing, "Only Believe."

I want you ministers to walk right out there where the prayer line is, and be praying for them as they come through the line. Will you do it now? Everybody just stand just a few moments. We're going to pass about fifteen or twenty through here, just to shake their hand when they pass through. Singing softly, everybody... [Audience sings, "Only Believe"--Ed.]

[Blank.spot.on.tape--Ed.] Lay your hand up, sister. Oh, how she's serving...?... down in this in her left side. Look at her. Let's say, "Praise the Lord," everybody. [Audience sings, "Only Believe"--Ed.]

**L-95** And if You were here in this city, we would all rush over to You, Father, if You here in this place.

But You ascended on high and give gifts to men, according to the Bible. And they must all across the country here to bring the child. Father, have mercy on it. Give Thy servant Your sign before the people that the child shall be well.

Satan, I come to meet thee in the Name of the Son of God, Jesus Christ. Come out of the girl. I adjure thee, leave her in Jesus Christ's Name.

There, it stopped 'fore I raised my head. All right, mother, looky here. (Now, audience, here, I want you to look at my hand now at the same thing.)

Now, little girlie, you're going to be well now, sweetheart. Now, mother...?... You take a string from the...?... your room, and put it around her little waist, like this, like that. Are you going to be here for a while, or you going back? Now, you take that string and put it around her, like this, then you'll know whether I told you true or not. You cut that string off, right even. And then by tomorrow night, or the next night, one, you take that same string and put it around the little girl like this, and cut off how much it's shrunk. And do that for at least two to three nights, then you'll know that I told you that's what is true. God bless you, sister.

**L-96** Now, you believe, sister. [The sister talks to Brother Branham--Ed.] Yes. God bless you, sister. You're in a worthy cause, the Salvation Army. I certainly appreciate it. God bless you, sister.

Father, here a Salvation Army woman stands here this afternoon. Oh, I pray that You'll heal her and make her strong. She's nervous and breaking down. After while Satan will have her setting in a padded cell, if he had his way. But Your way is different. Your way is the way of health. May she walk in that path from now on, in the path of health.

I rebuke you, spirit of nervousness, leave her in the Name of Jesus Christ. Amen.

God bless you, my sister. Go on your road rejoicing, testifying.

**L-97** Dear Father, I pray that You will heal my brother. He comes all the way from Minnesota to be prayed for. And Thou art here to make him well. I pray that You'll grant it, Father.

Satan, you have bound my brother with this asthmatic condition. Leave him in the Name of Jesus Christ. God bless you, my brother. I trust you return back rejoicing now. The vibration leaves my hand. And go and you'll be a well man. God bless you. All right...?...

Father, I pray that You'll heal my sister in the Name of Thy Son Jesus Christ. Amen. God bless you, my dear sister.

God, I pray... [Blank.spot.on.tape--Ed.] this brother of this lung trouble in the Name of Jesus Christ the Son of God. God bless you.

It's just nervousness... Go believe... God, I pray that You will heal this dear man, Father. I pray that You'll restore to him the sight of his eyes this day. Hear my prayer. In Jesus Christ's Name, I ask it. Amen. God bless you, my dear brother.

Oh, dear Jesus, I pray that You'll bless this dear woman who comes from New Mexico, that she could be made well. Father, may she return rejoicing, excitingly thrilled, and be well; for I rebuke this blind spirit. In the Name of Jesus Christ, leave the woman.
