L-62 He heals all the sick and the afflicted. There's nothing that He... Which--where's the patient? This man? Oh, don't speak... You, interpreter? Now, here's a man that cannot speak English now. Now, how could I be reading his mind, and he couldn't speak English. I shall talk to him a little while. You shall see the way it happens in foreign countries, where they don't speak...

You--You just interpret. Don't look... You just don't look... You--you just listen at me say to him. I've got to catch his spirit. See? Do you believe me to be God's servant? That's the confession of his faith. If... are... You and I are strangers to each other? I do not know you. If Jesus Christ, the Son of God has risen from the dead, He promised that the things that He did, His servants would do also. You... Then you believe that I am able to do this, through Jesus Christ? He does? The patch on his neck is a cancer. You are also a Catholic. You have a wife. She is Catholic too. She's suffering with an inward trouble. That right? She's setting right down here. Ask if he believes now. He does too. Come here.

L-63 Our kind heavenly Father, in the Name of the Son of God, Jesus Christ, may this be condemned, this demon that's taking his life. And may he and his loved one live to be happy and old. Grant it, Lord. I condemn this disease in Jesus Christ's Name. Amen. Tell him, "Only believe."

Now, you're the interpreter, I thank you for your... God bless you. By being so kind, I see you have something on your heart too. You're a minister of the Gospel, isn't that right? It's somebody connected with you in this audience. It's that little girl setting right there. She's a--a niece. And she has asthma. Is that right? Go lay your hands on her for the kindness of God...?...

L-64 Have faith in God. Believe with all your heart. And you shall see what the glory of the Lord...?... If thou canst believe, all things are possible to them that believe. Just have faith in God.

I'm waiting so patiently for that, poor little boy.

Now, in the audience and everywhere, believe with all your heart. He... I could not heal you. Of course, I couldn't. I'm a man. But this Spirit of God, which is here now, if you'll just believe on Him, He will heal you. See? He will--He will just confirm... If--if a man tells the truth, God is obligated to speak about the person. And He said He would. God said in Hebrews 11:2, "He testified of His gifts." [\[Mark 11:24\]](#), [\[Hebrews 11:4\]](#)

L-65 Now, what do you think about that, lady? You keep setting looking this way so sincerely. You believe with all your heart? If I be God's prophet, you couldn't hide your life from me. That's right. If I could reveal to you what's wrong with you, will you accept your healing? Heart trouble. Is that right? Stand up. Now, you can go home, be well in Jesus' Name.

Do you believe? Now, just reverent everywhere. If you... Do you believe, lady? You want to get over that diabetes? Believe God's going to make you well. Stand up. Say, "I accept it." God bless you, and go get well.

I suppose we're strangers, are we, lady? You believe on the Lord Jesus with all your heart? I believe it. And I believe you believe me. I know you do. For you're... Yeah, your spirit's just so welcome. And I--I know that you believe.

Now, if you're a believer, we're strangers to each other, don't know one another. But God knows both of us doesn't he? He certainly does. And He is here, the One I'm trying to represent. You feel like if Jesus was here, He'd stand at this platform? Well, He'd know all about you. He'd know all about this audience, as the Father would reveal it to Him. Like the woman with the blood issue that touched His garment. He

turned around. That's what happened out here, just somewhere out here, a few minutes ago.

L-66 I want you to look this way and believe with all your heart. And--and may God help you. Because it's awfully dark around where you're standing. I'm waiting to see what He will tell me, 'cause you're a very sick person.

L-67 The first thing I say, that you're not from this city. You're from a place called Bur--Burgess, or Bergon, or Burgess. Yes, it sounds like He spelled "B" something. All right. You're fixing to go home tomorrow. You're going by bus, aren't you. Your name is Julia Majors or something like that. Is that right? You're suffering with a... You have a hernia. You have something on your left ankle. It's a growth. Is that right? Not showing, but it's--it's on your ankle. I see you in a vision moving with it, doing something to it. And you also have varicose veins in your limbs. Is that right? It is. And you--you have kidney trouble; you have heart trouble. You have lung trouble. You got arthritis. Go to your home. Be well. In the Name of the Lord Jesus Christ...?... Almighty God...?... make her completely whole for God's glory.

Have faith in God. Don't doubt. Just believe. All right. [\[Mark 11:24\]](#)

L-68 How do you do, sir? I suppose we're strangers, sir. I--I don't know you and... But--but God does know you, doesn't He? Not perhaps until we meet in the Millennium will you--could understand, or neither could I explain what's going on right now in this building. Oh, I wished I could get it to you, wished I could let you see It. All shadows would fade away everywhere. See, It circled this building just then, that same Light went right around this whole building just then, come right back again.

I realize I'm talking to an audience that's from a... All right. If we're strangers, God knows both of us. I don't know you. Never seen you in my life. May be the last time we meet, till we meet in eternity. I hope it isn't. But it may be. Is that right? Then if God, through the power of the Spirit of God, will let me see by a vision, just what Jesus Christ did Himself and said we would do also. This is according to God's Word. You believe it?

L-69 My man, you're very sick. Your trouble is in your lungs. You have a lung trouble that's absolutely incurable by doctors. That's... Is that right? And you're doing the worst thing in the world against it. You're smoking cigarettes on top of it. And your kind of cigarettes you smoke, I see you have to pour it out in a paper and roll it like that. Is that right? Will you stop it and give your life to Christ, right now? Will you do it?

In the Name of Jesus, the Son of God, I condemn the devil that's bound this poor man, and say may he be loosed in Jesus Christ' Name. Amen. God bless you. Go, and God bless you. Live now. And may the Lord Jesus be with you.

L-70 You believe? The kindness of God, the mercies... Just... Oh, how that He would just... Take this building of people just now, if you could just get--just every heart beating the same, look like it'd just break it to pieces and just fall all over you. I am telling you the truth. I--I--I lie not. God is testifying I'm telling the truth. And Christian friends, I've witnessed these things practically around the world. And it's the truth. I know it may seem a little strange to you, but it's the truth. God is proving it's the truth.

Just have faith. Is this the patient? You believe these things? For somebody else, isn't it? They're not here. Two of them, and they're young ladies. And they are both from an Eastern country. They're nieces to you. One of them has nervousness, and one of them is in a sanatorium or something. It's a lung, TB trouble. One of them is in West Virginia, the other one is in Maryland, is that right?

I send a blessing to them in the Name of Jesus Christ, and may they be made well for God's Glory. And bless you, my sister, for your gallantry in Jesus Christ's Name, may you go and they be made well.

L-71 All right, would you come, lady? You believe, all your heart? Would you... If I'd tell you something, would you just obey what I said do. Now, look. You go home and eat your supper. You had a peptic ulcer for a long time in the stomach. Now, go eat and just thank God and rejoice and be happy. And you'll get

well.

You believe with all your heart? It's over to the corner and I can't see who it is.

Do you want to get over the asthma? Do you accept your healing now? O God, in the Name of Jesus, the Son of God, may her blessing come to her and may she get healed, in Jesus Christ's Name. Amen. God bless you, sister. Go, having faith, believing with all your heart.

L-72 If God, our Heavenly Father, would reveal... I'm getting so weak, lady, I can hardly... So I... If God will speak and just go right, like He did to the woman at the well, exactly where your trouble is, do you accept your healing? Heart trouble. All right, go. And may Jesus Christ make you well. All right.

You believe? You believe me with all your heart? You believe that I be able... If God will tell me exactly where your trouble is, knowing that we're strangers to each other, will you accept your healing right now, knowing that I'm telling you that Jesus Christ... If... In other words, if God will let me know where your trouble is, and exactly, absolutely, as It does every one, then you know that my words is true then, is that right? And my words is this, that Jesus healed you nineteen hundred years ago. Will you accept it now? It's your back, is that right? Go. In the Name of Jesus Christ, and be made well.

L-73 Come. Speak English? Come. You believe me as God's servant? You believe if God will let me know where your trouble is, you accept Jesus your Healer? You will? It's kidney trouble. That right? Now, you can go be made well. Jesus Christ heal you and make you well for God's glory. God bless you, lady. All right.

Speak English? No English. Is there someone here can interpret? You don't need it. You believe? Go eat. Jesus makes you well. Heavenly Father, I curse this disease with this stomach, and may she be made well in Jesus Christ's Name.

L-74 You believe with all your soul? Your heart trouble has gone. Go in the Name of the Lord Jesus and be made well.

Speak English? Little? You're Indian? Carlos, San Carlos. Oh, you're... All right. You have lung trouble and TB. Jesus Christ is going to make you well tonight. You go back up and tell the tribe, "Jesus Christ lives and reigns." Cursed be the devil that's done this to the man, and may he go be well. Amen.

L-75 You believe? May everybody in this building... Have faith, lady. I know when your baby's... what's wrong with it. I'm just waiting to see what He is going to say to me. Keep your hand on him. Keep your heart in the center of God. No need me telling what's wrong. It's--'course its condition there, anyone can see that.

Just only have faith. Believe with all your heart. God will make you well. God will do it. I'm watching, it's just clouding all over the whole audience.

That person setting there with that cancer on the--the liver, setting there. You only got one chance to live and that is, accept Jesus as your Healer. Will you do that? And believe with all your heart that God will make you well? You accept it? If you do you can be made well.

L-76 You with the bronchial trouble setting there. If you... Oh, yes. If... You want believe with all your heart. Be made well.

If every person in here wants to be healed at this time, you can be healed right now. I want you to do something for me. I want you just lay your hands over on each other, just a minute for a word of prayer. Put your hands on one another.

Now, that what's coming through you is a witness of what I'm talking about. It's the resurrected Jesus Christ. Your hands are healing one another. As you go through, the Angel of God is over you, Satan is rebuked, and you're healed in Jesus Christ the son of God.

54-0305 - Madison Square Garden, Phoenix, AZ (Paragraphs: 51 - 67)

L-52 Now, how many in the building here that does not have prayer cards? I mean of the--of the--the

English speaking people here. How many of you do not have prayer cards and yet want God to heal you? Let's see your hands everywhere. See, see? All right. (Ask the Indians here if you will, brother, just ask them, how many here wants to be healed? Not with... Just right where they're at, just ask them if they want to be healed. Say, if you want to be healed just raise up your hand). [The interpreter speaks--Ed.] You can see the feeling of the people. See? We're all... We don't make our government; we're just a part of it as you are. But we all have love and sympathy. You understand what I say, 'cause you understand English.

L-53 Now, I want every one just as reverent as you can. And sister quietly if you will, "Only Believe," just for a few moments, if you will. I got... How many more, can you take any more? Are they? Pretty well lined up there now. Now, all the--the white people in here understand that we are--that we are--how we'll conduct our services.

Now, of course, I'm can't say... We give it out for the Indian friends. But the Angel of the Lord when He comes, He will come over anyone. You see? So you--you just--just wherever it is. Now, you be in prayer, and have faith, and believe with all your heart that the Lord Jesus will grant the blessings of God to you this night. Now, softly if you will now.

Only believe (at that mike...?... All right.)

All things are possible...

...?... What is your name? ...?...

Only believe,

All things are possible,

Only...

Are you the missionary up there, brother, I'm glad to meet you, brother.

L-54 Now, let's tonight, just everybody now just be quietly. And now, just let the Holy Spirit move. And keep your children near, 'cause diseases dwell among the Indian people, as same as it does among all other people. And it's the same sickness, the same demon that possess the Indians, possess the other people. And we find it in all nations everywhere that we find the same action.

Right here one this people, this man was speaking, you could tell he was a Christian man and the Holy Spirit moving. You couldn't understand (See?), but you knew he was a Christian. He's your brother. See? That puts us together. See?

L-55 Now, I'm not responsible for critics. I'm not... I won't be responsible, 'cause diseases goes from one to another. And many of you here are aware of what takes place in the meetings many times. And many people are not here on earth tonight because of irreverence, many of them in institutions and everything because of irreverence.

Now, you understand that I--I can't speak one word of their dialect. And the only way in the world that I ever be able to know is by a vision. Now, the vision, I might not be able to speak their language, but the vision, it just sees the same thing. See? No matter what it was, if it's beings, whatever it is, it's a vision. It shows just the same. It'll come to them just the same as it does to any.

L-56 Now, I... (Brother Brown, if you'll come here, I want you to--to... You use that microphone and I'll speak just... You just... Let's see, now, maybe I'd better--maybe I better take this mike here and let the brother have... No, that still won't. How'd we do that in Africa? I believe we got it like this. Yes.

Now, tell her to look to me now, to this--this woman here. Now, you interpret my words.) [The brother interprets Brother Branham speaking to the patient--Ed.] Good evening. Of course I cannot speak your language, but yet the Lord understands all language. I perceive that you are a believer. This is a perfect picture of the Bible again. Jesus met a woman of Samaria, and He knew where her trouble was.

Then of course, we don't know each other. But God knows both of us. God can tell me what's wrong with you. You believe that? If--if Jesus of Nazareth would let me know what is wrong with you, would

you accept Him as your Healer? Now, look at me.

L-57 Now, I want the Christian people in here, everybody to pray. This is just a little vice versa. See? And I'm just a bit disturbed about it, because I can tell there's--it's different. I'm switched around, and it's a--it's a spirit everywhere. You see? But that's all right now, just--just everybody be in prayer. See, that's all I ask you, while I look on the woman. It's a vision has to come vision, you know that, 'cause I know nothing about her; you know that. And there's nothing I could do, only just look and see what He would tell me.

Now, in the Name of Jesus Christ, the Son of the living God, I take every spirit in here under my control for the glory of God. The Angel of the Lord is now here. It's her eyes, and it's her stomach also, 'cause it's... Tell her when she eats, I notice she has suffering after eating. That's right, isn't it?

L-58 She can't understand me, so she won't know. She's got cancer of the stomach. See? So she won't understand, you believe now that she'll--God will heal her? She does a lot of complaining. See? Complaining with... What it is, it's--it's fomenting gas, presses up like this it and smothers her around the heart. She has to raise up; lots of time she has to raise up like that after eating. See? So that's--that's her condition. You see? Now, every one be reverent. This woman can't live long without God's help. So be reverent.

Almighty God, the Author of Life, look down this afternoon, Father, Who has pity upon all. And this poor old gray headed mother standing here bound by this enemy, I pray for Divine mercy for her, Lord, that You'll be kind to her and may the enemy leave her. I rebuke this enemy, the devil, that's trying to take her life; in the Name of Jesus Christ come out from her.

(Now, tell her to be of a good courage.)

Go eat what you want to...?... God bless you. God bless you.

Let us say, "Thanks be to God." [Congregation responds--Ed.]

(Now, you try to quote right behind me if you can to the people and bring... What--what say? All right, let's try it this way then. See? You stand by this one right here. Now maybe that would be better. When we did it in Africa? I... That's right, sure.)

Now, it's new it's been switched around.

But now, look at me, lady...?... Now of course we being strangers to each other, I would know nothing of you, but Jesus Christ knows both of us, and if I be His servant, then He will show me what you have need of. Do you believe that? If He will, will you accept Him as your healer? Look at me. You are suffering with a nervous trouble.

L-59 (It broke from me, try to catch it as quick as I can say it, if you can, it's a vision you see, it leaves her, it's just like looking into a screen or something. You see it, and I forgot what it was. You see? Now, I'll try to catch her again; tell her just to keep looking at me. And then, you catch my voice...?... Tell her to look at me just keep...)

God help me.

Nervous and you are--you... It's a evil spirit that bothers you, and if there's... You want the Lord Jesus Christ as your Saviour. You need Jesus as Saviour. An evil spirit... Is that true? (Ask her if that's true.) Is that true? You are tormented. Feel something evil around you, feel real funny at times. She's catching my word now.

You get all upset. And she--she sometimes thinks she's losing her mind. See her nod her head to me? When the inspiration, I seen that once before in my life. You're healed, lady...?... and saved too. You can go home now and be well. God bless you... It's all gone, you're going to be all right. God bless you. Jesus Christ saves you and heals you too. In Jesus' Name. Praise the Lord.

A woman speaking Indian heard me in English. She nodded back to me. One time... It's somewhere else, there was a little Spanish girl who come to the platform, they had to have an interpreter. And when the vision come down and I told her what was wrong, she understood me in Spanish. And she didn't even

know one word of English, and I spoke English and she understood in Spanish. But when the inspiration left, she didn't hear nothing. That same thing's taken place with that lady there. She was understanding me in her Indian dialect, though me speaking English.

L-60 Well, whatever was wrong, 'course it's a vision. I don't remember it. But whatever it is, it's gone from her, 'cause it just got real white around her, like that. Just that light flashed all around her, and she was in a...

Come. All right, watch me now, and speak my words. See, when the vision strikes, just what I'm saying, you say it, just as fast as I--I'm saying it, 'cause when it breaks from me, then I... It's something I have to look at. You see? And then just speak it out, kinda as loud as you can to him, or just say the words. You just quote me all the time. Just be my voice on that. You see?

L-61 How do you do? [The interpreter interprets Brother Branham--Ed.] We are strangers. You are a Christian. She hears me too. Oh, you understand English? Oh, well, that's... (You don't have to quote it, then unless it be to them.) All right, then if you can speak English, then much--be easier for me. See?

All right. We are... You are a Christian, 'cause your spirit is welcome. Now, I don't know nothing about you, sir. I never seen you in my life, as far as I know. If I did, I don't remember it. We're two men just met here on earth, two Christians saved by the same Lord. There's nothing physically wrong with you. What you're wanting to do, you got a call to the ministry to preach the Gospel, and you want me to lay your hands--my hands on you. O God...?... bless my brother...?... My brother, as he stands...

Praise be to the living God.

L-62 Now, the Lord knows all things. There's nothing before Him but what the Lord does know. Now (to the mike), the rest of you Indians [The interpreter interprets Brother Branham again--Ed.], look and believe. You don't have to be here on the platform. You just have faith in God. Do you believe me to be God's servant? Then look this way and believe. (Bring the lady.)

How do you do. We are... Do you understand? (She understand English?) Well, that's very nice. All right. Do you believe me to be his servant? You are a Christian. You realize that you're standing in the Presence of Something not your brother, but it's something different. You have a--a trouble. Isn't that right? In the side? And it's a place on your foot. And it's the left foot that's got a growth on it. Is that right? Go, Jesus Christ will make you well. [\[Mark 11:22\]](#)

L-63 Come. Look. You speak English? Then I'll be able to help you as your brother. Oh, here's the one that's got something in his side. It's a--a hurting that's a kidney trouble in the side. You have a loved one that's sick too, a husband or something: man with stomach trouble setting right out there. Both of you go up to your reservation; you're going to be well. Jesus Christ makes you whole. You too, my brother.

Let us say, "Thanks be to God." [Congregation says, "Thanks be to God."--Ed.]

Speak English? If the Holy Spirit will speak and tell me what is your trouble, you accept Jesus as your Healer? It's your back. Amen. Now, you go; you're healed. Jesus Christ makes you well. All right.

L-64 Do you believe the Lord Jesus? You... Maybe she doesn't speak English. You speak English? Yes. All right. If Jesus will tell me what your trouble is, you believe for your healing then. We are strangers to one another, of course. You have heart trouble. Isn't that right?

But it's... You think it's heart trouble; it isn't heart trouble. Your most of your suffering is when I see when you lay down. It's a smother; it's a nervous condition, coming to the time of life that you are, which causes the food to form in a gas and presses against your heart. You're going to be well though. Jesus Christ make you whole. God bless you. Go...?...

L-65 All right. Come, lady. We be strangers. You speak English? Well, very good. If the Lord Jesus will... Be reverent. You believe me to be His servant? Something strange... There's a white woman different from her, stood there by her.

Now, there's a spirit in here, a demon calling for help. That's what it is. It's--it's on a--a white woman, a

little kinda aged, and it's the same thing that this woman has...?... stand here...?... out there... Oh, here she is. You don't have a prayer card, do you? No, sir. Do you believe me to be God's prophet? Do you believe me to be God's servant?

Look this way, lady. Both of you have TB. You have TB; you have TB. It's them demons calling one to another. Yes, lady, that is right. You was brought here tonight by your daughter. And your daughter doesn't live in this town; she come from the south, coming north from a place where it's got a big hill a lot of cactus, it's Tucson. She come and brought you here. Is that right? Get up out of your wheelchair, your cot there, go on back to...?... in the Name of the Lord Jesus. All right.

You speak English? You got arthritis haven't you? Raise up your hands...?... healed... Go off the platform rejoicing.

L-66 Come, lady. You believe me to be God's prophet? You speak English? You speak English? You believe me to be His servant? [The interpreter interprets for Brother Branham--Ed.] Do you believe me to be God's servant? She's excited. It's the Holy Spirit on her. That--that Fire is hanging right around above her. Tell her to go home and eat her supper; the stomach trouble's left her. Amen.

Have faith in God.

What you praying about, lady? You've just accepted the Lord Jesus to be your Saviour. So you suffer with a nervous trouble. Is that right, nervousness? Stand up on your feet. Jesus Christ makes you well.

[\[Mark 11:22\]](#)

L-67 All right, you setting next to her there, what about you with your hand up, the lady sitting next to her, the Indian woman? Dorothy, stand upon your feet, Dorothy. You been having trouble in your side. Is that right? You're healed.

What about you next to her? There, you stand up. You have pains through your neck. Is that right? You're healed. Go home and be made well in the Name of Jesus Christ.

What about you, waving your hand back there? Do you believe with your hand up. You got inward trouble. Is that right? Stand upon your feet; Jesus Christ makes you whole. Do you believe?

You setting there, you have sinus. Stand up, setting there...?... That lady sitting there, you've got sinus trouble. You're healed. Jesus Christ makes you whole.

You setting there with that female trouble, you with a female disorder, Jesus Christ makes you whole...?... God has healed you both.

Everybody wants to be healed, stand to your feet. The Holy Ghost is here. In the Name of Jesus Christ...

54-0306 - Madison Square Garden, Phoenix, AZ (Paragraphs: 83 - 108)

L-84 What was that? Yes. All right. Brother Ballard. [The brother says, "A Mrs. Mel Rosenneck wanted at one of the hospitals immediately. But you call BRoadway 6-2664. Mrs. Mel Rosenneck call BRoadway 6-2664."--Ed.]

Let's bow our head. If that's an emergency, let's bow our heads.

Heavenly Father, if Your child is in here tonight and Satan is trying to do something evil, as Your Church, as the Body of Jesus Christ who has power to loose or to bind on this earth, we now claim that, and Satan cannot rob us from it because it was given by sovereign grace. And we ask that the woman that, or the person that's in the hospital that's very sick or what's wrong, that the mercies of God will fall upon that person and Satan will be drove away, and the person will be made well. And bless that one who is here that's listened to the Message, and when they get there anointed with this Spirit, I send it in the Name of Jesus. Let them lay their hands upon the patient and may the spirit of life turn to the patient and they live in Jesus' Christ Name. Amen.

Don't fear. Ever who you are, when you get there, lay your hand on the patient and don't be afraid. Only believe. You shall see the glory of God. All right.

L-85 Excuse me, just a moment. Now, Christian friend, you all pray with me now with one accord? This is

so hard. It--it may seem strange. But to change from preaching or getting in there, now you got to sweep back down to something else, to a Divine gift. It's all of the Holy Spirit. One does this. One finger works this way. The ear, the nose, the eyes, all is a part of the body, but you're switching from one to another. You see?

And wonder if we could now sing "Only Believe," if the musicians will, if they'll play just a little bit. Thank you, Sister, come.

Now, mothers, keep your children close. There's epilepsy here tonight. That's the one thing that gets from me is epilepsy.

Now, have faith. Believe me as I teach you of Jesus Christ. Paul said, "Be ye followers of me as I am of Christ." Is that right? And if I tell you something... There might be man come through here. Everything drops through these cities, not only here, but everywhere. They have all kinds of this, that, and the other. I know it, Christian friends. But that don't take away from the real.

If a man speaks and God confirms what the man said, you haven't got any right to doubt him. But if a man speaks and God doesn't speak with Him, then you got a right to doubt the person, 'cause that's just a man. [[I Corinthians 11:1](#)], [[Hebrews 11:4](#)]

L-86 And if I told you that I had powers to heal people, I'd be a liar. If I told you that I had any way at all of healing a person, I'd be a liar. But the only thing that I have is the gift of God. See? And that was given to me by grace, not for myself, but for you. See? And it's a Divine gift.

As far as seeing visions, my Bible in my hand, Almighty God Who stands here now, knows that that's true. God shows me visions. That's exactly the truth. But now to heal, I have no powers. Nobody else does. There's no power in man to heal. The only thing we can do, we can pray. And prayer is the most forceful weapon that's ever put in the hands of anybody. So you pray with one accord now, while we hum this song. Let's hum it once. See?

[Brother Branham and the congregation begin humming "Only Believe"--Ed.]

Just the affects of that. I hope you don't believe I'd be telling you a lie. But the Holy Spirit's right here now, right here. That's what's worried me all the time, keep me from speaking to people. Always thought it wouldn't shake back. But it is.

All things are possible...

L-87 Now, Father, for these handkerchiefs, people are waiting for them. And while I know that Your Spirit is here now... And this lovely group of people's listened, been setting here since four, five o'clock in the evening, tired, but yet, they're waiting. The Seed has been sowed. And now, Lord, while Your Spirit is on Your servant, I lay my body across these handkerchiefs. And I ask Thee, O God, to be merciful to every one of them and heal them.

And I know that the great Saint Paul took from his body handkerchiefs or aprons. And we know we're not Saint Paul. But it wasn't Paul; it was You, Father, the Lord Jesus Who came and performed this and helped the people by having faith in Your servant. And they accepted Paul as Your servant. And tonight, Lord, these who believe that I have told them the truth, confirm Your Word, Lord, so when they get this handkerchief, they'll know that it's You and not Your servant. Grant it in Jesus' Name. Amen. [[Acts 19:12](#)]

L-88 Now, with perfect reverence... And now in the Name of Jesus Christ the Son of God, I take every spirit in the building under my control for the glory and the resurrection of our Lord Jesus Christ. Amen. How do you do? I see you got one of the pictures. Well, that's very fine. I just want to speak with you a moment. And I suppose we're strangers to each other, so I don't know you. But our Lord knows you and He knows me. And I... Let's talk on the picture just a moment...?... All right. You got the little story there how that happened, right here. Yes, ma'am. That was signed by George J. Lacy. He's one of the best on the research and fingerprints and things that I guess there is in the world.

And that little Pillar of Fire that you see there... Sometime ago there was a miracle performed, was that... A lady put it in a picture. (Many of them put it in a frame, go to the ten-cent store. And they put it

in a little frame and put this little thing behind it, if anybody asked about it.) And she had it setting on her--her desk at the hospital. And she was looking, not at me, of course, but at that Pillar of Fire there. And she claims... This is her testimony. The doctor give her up to die. She claimed that that Pillar of Fire come out of the picture and hung over her. And two days later she was dismissed from the hospital and went home well. See?

L-89 God just... She just... as a... It was just her--her contact with that. You see? She just--she just looked at that and believed. Now, we know to look at that any other way would be like idolatry. We wouldn't do that. See? It's not the picture. It's what it represents. So you understand that.

Yes, ma'am. And I hope that long time you'll have it and remember it. Thank you. Thank you. And may God bless you. And may each time you look at it, you remember tonight at the platform, that that same Pillar of Fire that's on that picture, you're standing right in Its Presence now. Uh-huh. And that is right. You're in Its Presence.

L-90 Now, then if that Pillar... Me just a man and you a woman; we've never met before in life. But if that... If I've told the truth now, of Jesus Christ when He was here on earth... He didn't claim to be a Healer, you know. He was--He only did as the Father would show Him. You know that's the Scripture? You been in the meetings before? Not in this one.

But you have heard then that how... When Jesus was here on earth, He said, "It's not Me that doeth the work." Saint John 5:19, He passed by the Pool of Bethesda and all those crippled people there. He just healed one. He wasn't crippled, laying on a pallet. He went away and left the rest of them. He was questioned. He said, "It's not Me. I can do nothing but what I see the Father doing."

Then He said, "The things that I do shall you also," promising the Church. Is that right? Well then, that's Jesus Christ, resurrection, in the form of Spirit, here on earth today performing the works that He did when He was in the body. [\[John 5:19\]](#), [\[John 14:12\]](#)

L-91 Now, if--if He was standing here with these clothes on He gave me... Now, as far as your healing, if you're sick, that's... I don't know. But if you're sick, He'd say, "Well, when I died for you, I healed you. Believe this?" Then He'd tell you, just like the woman at the well. He'd say... He'd know what was wrong with you. He'd know where your trouble was.

Well then, if He ascended up to heaven, and His Person of the Holy Spirit is here tonight, then promising that He would do this according to His Word, then He could tell me and He could do the same things that He'd do if He's standing here. Is that right? Now, you begin to realize that something's taking place. See? That's it.

Yes, ma'am. Your trouble, one thing, of course, is your eyes. Your eyes are going bad. Then you're extremely nervous. Isn't that right? And here's something else that I see that the outside world can't see, and that is, you've got a tumor. And that tumor is on the left shoulder near the breast. Is that right? Go home now, you're going to get all right and be well in the Name of the Lord Jesus Christ. [\[Isaiah 53:5\]](#)

L-92 Only have faith. Don't doubt; just believe. We're strangers, are we, lady? We are. We're strangers. But setting down there in the audience, I seen you was building up a faith. You was believing on what I said about the unconditional covenant of God.

Now, if we are strangers and know not one another... But God knows both of us. He knows everything that you've ever done in your life. He knows everything that I ever done in my life. And if you be my--my sister, a believer, and--and believe that God will make you well and will help you, I believe with all my heart He will too. (Excuse me, just someone healed setting down there. It left him.)

What do you think about this kind of religion? Sure you do. Yes. Uh-huh. Thank you, sister. You know what I'm talking about, don't you? All right. I want to, if the Holy Spirit will let me... You know what I was talking about then, of your own religion. See? All right. But do you--you... If I be God's servant, then I'll--I'm truthful. Is that right? I'd be truthful. Then the Holy Spirit will confirm my word.

L-93 You're suffering with a throat condition; isn't that right? And you--you haven't been able to swallow hard foods for a number of years, a much younger woman. I see you trying to get hard foods down. If God will let you eat, will you seek God till you receive the Holy Spirit, be bap...? You will. A Catholic woman, you can go now and eat your supper. You're healed. God bless you.

You say, "How do you know that?" Well, I don't know it. It's Him that knows those things. See? I know nothing, but He knows all things.

Now, if you could only see that Light following the woman, that same thing. I beg your pardon. Lady setting next to her there with female trouble is the one. Is--isn't that right, lady? She set down next to you. She was so anointed just then, you were healed with female trouble. You had female trouble, didn't you? All right. It's finished now. You can go home, be well too. God bless you.

L-94 All right. I suppose you and I are strangers, are we, lady? We don't know each other. All right. And just to talk to you just a moment now. If we be strangers, the Lord when He met the woman at the well, He begin to speak to her (Is that right?), tell her about different things and in her life and everything.

Now, if we strangers, never met on this earth before, only God could... Well, He's the only One could reveal those things. Is that right? To be perfect (See?), to be perfectly, He's the only One that can do it. But now, if God would let me know what--what you're here for... See? If He'd let me know what you're here for, then would... You'd know it'd have to come from some spiritual resource. It'd have to be spiritually Divine to you. See? Well then, if that be true, then would you accept it as Jesus Christ's Spirit? See? Yeah, you should. Yes.

L-95 Now, you all keep in one accord. You got some... You got a battle of little unbeliefs hitched around the wall tonight. Now, I want you to have faith. You see? It's a hard battle. See? If you just... Remember, I'm trying to represent the Lord Jesus Christ to the people, and it--it just keeps going from me.

And now, look this way, sister. Now, in Jesus Christ's Name... Yes, there she is. You've--you had some trouble not long ago. You had a burn of some sort. That's been about six or seven years ago in the year of about '46 or '47. And that was an acid burn. Is that right? And it's... You're having trouble with eating now. And you have a throat trouble and your eye trouble.

And you are a minister, and you got papers, an ordination, papers from an organization. Is that right? You believe me to be His prophet? Then in the Name of Jesus Christ, go home and be well. I resent this demon that would hurt the sister. Amen. God bless you.

All right. Have faith now. What is this? Jesus Christ, the Seed of Abraham, that the Spirit was taken off of the body and brought back to the Church. Just exactly what I've been preaching about. All right. Bring her over...?...

L-96 How do you do? Do you believe me to be His servant, with all your heart? You are--have an extreme nervous condition. Isn't that right? You got... What it is, it's more like a mental nervousness. You get real gloomy. I see you beside yourself, almost, sometimes. Isn't that right?

And you're--you're some connection with... You're away from here or from away... No it's--it's a daughter. You got a girl that's away from here and she's at California. And she's anemia. Is that right? Go home, send her your handkerchief, and both of you will be well in the Name of the Lord Jesus Christ. Let's say, "Praise the Lord." [Congregation says, "Praise the Lord."--Ed.]

L-97 All right. Bring the lady. You with my picture in your hand there, you're believing, aren't you? If God will let me know what's wrong with you, you accept your healing? You believe me to be God's prophet? You do. All right. You had a rupture, didn't you? All right. God bless you. May the Lord Jesus Christ make you every whit whole.

That's very kind of you, lady, to pick up that picture for her and give it to her. Look over this way to me. Because you did that and done her a favor, I shall do you one. You're setting there suffering too. And what's your trouble? I see you have... something another. You shake a whole lot and then it quits, then

you shake a whole lot and it quits: spasmodic palsy. You believe Jesus is going to make you well? You do. God bless you then. Go home and you'll never have it again. God bless you.

L-98 Do you believe, lady, with all your heart? Now, there's something... You... It's turning dark around where you're standing. You must be terribly sick. You're--you're a nervous case, very nervous. And you got TB, you're tuberculous. And the worst thing of all, you need Jesus Christ as your Saviour: not a Christian. Isn't that right? Will you accept Him as your Saviour now? He accepts you as His child and heals you of TB.

In the Name of Jesus Christ, I cast away the evil and send her home to get well as God's child in Jesus Christ's Name. Amen. Your sins are forgiven you, lady. Some ministers baptize her. All right.

L-99 Would you come? Let's say, "Praise be to God." [Congregation says, "Praise be to God."--Ed.] Let the Spirit of God work in you.

How do you do, sir? Do you believe me to be God's prophet? We are strangers, are we, sir? I don't know you, never seen you in my life, know nothing about you; only God alone knows. Is that right? But to--to do something for you, I couldn't. But as the Divine gift, and the anointing of the Holy Spirit by a Divine gift, which was sovereignly give at the hour of my birth, then your life could not be hid, for I take your spirit into my charge in the Name of Jesus Christ.

Now, you're--you're suffering... There's something wrong. It's in your ankle. And that's TB in the ankle. That's what the doctor said. Is that right?

Say, you're a Catholic. No, you was a Catholic. You had just come into this way. You're studying this type of religion. Isn't that right? You used to be a Catholic and you just come into this, just now. Is that right? That is right. Amen.

Just a moment. So to strengthen your faith, you do as I tell you. Will you do it? By the way, the... Your name is Michael. They call you Mike, don't they? And your last name's Jordon. Isn't that right? And don't you live about 718 Garfield Street? Go back up there and rejoice. Jesus Christ has honored you, making you well.

L-100 You believe for your heart trouble, sister? You can be made well right now. You believe it? God bless you. You was healed when you walked up there. Jesus Christ made you well.

Do you believe, sir? While you were standing down there in the line awhile ago, you felt strange when I turned around and looked at you, because... When there was somebody said something here on the platform, when I mentioned to that man or somebody, just a few minutes ago, who had TB, you had a funny feeling, didn't you? 'Cause you had TB at the same time. I felt it go from you, and I looked down and I seen where it was at. I knowed you was coming on in the line, so you were healed standing down there. You can go on your road rejoicing. God bless you. God made you well.

Now, I want to ask you something. When I was speaking to him, you had a real funny feeling, didn't you? That's when TB left you too. So you can go home and be made well in the Name of Jesus Christ.

L-101 Believe? Oh, my. This is it. Here's when the King of kings walks among His delegates: Jesus Christ the same yesterday, today, and forever.

L-102 Do you believe, sir? You believe with all your heart? You want to get over that kidney trouble, accept and be--be made well? Raise up your hand and say, "I accept my healing." God bless you. And go and be made well through Jesus Christ's Name. May it be so.

The little lady setting right back there with that on her head, with that gallbladder trouble, you're healed, sister. Stand up. That's right. Yes...?... Your little friend there, she kinda liked that too. Lay your hand over on her. She's got back trouble, haven't you? something wrong with her back. Say...?... you can go home and be made well too in the Name of the Lord Jesus.

Now, do you want to go home and be made well? You want to get over that arthritis? Raise your hands up like this. Stomp your feet up-and-down. Go off the platform and be well in the Name of Jesus.

L-103 Come, sir. You believe me to be God's prophet with all your heart? Will you obey me as His servant? If God will let me know what's your troubles, then will you do as I tell you to do? Go eat you a nice big hamburger. You haven't had one in so long with that stomach trouble, you can go eat it now and be made well in the Name of Jesus Christ. Hallelujah.

Kidney trouble's bothered you for years, hasn't it, mother? Is that the truth? God... The Son of God heals you and makes you well. And may you go and receive it in the Name of Jesus Christ the Son of God. Amen.

L-104 Believest thou this? Oh, what a feeling.

You don't have a prayer card, do you, sir? You don't? You don't have no prayer card? I keep seeing It hang over you. You want to get over that asthmatic condition? You believe God's going to make you well? Stand up on your feet then, you can... That's good. Stand over... That's it. God bless you. You don't need a prayer card. You need faith. Hallelujah. Jesus Christ the same yesterday, today, and forever. [\[John 11:26\]](#)

L-105 There's a lady praying. A lady with a--setting with her hand up... You with the white dress on there, touch her; she's praying. He heard your prayer then. Yes, ma'am. You had hemorrhoids, and they've left you. God bless you. Isn't that right? Wave--wave your handkerchief if it's so. All right. Go home now. You're going to get over it. He heard you when you were praying. He turned my attention. I see what He's asking for. So you receive what you ask for. God bless you. Amen.

See a poor woman setting there, suffering, she's got liver trouble, and back trouble, stomach trouble, setting right there. Isn't that right, lady? Been setting... See, it's been robbing you for a long time, isn't it? Emptying the galls up, goes in and makes sour and acid on the teeth, is that right? Stand to your feet. Go home and be well. Jesus Christ the Son of God makes you whole.

L-106 Have faith in God. I challenge. All right. Have faith. [\[Mark 11:22\]](#)

Just a moment. I feel the Spirit moving somewhere, set... Oh, here it is, setting here. The woman's deaf. Bow your head, everywhere. Somebody bring her over here. O Jehovah, in the Name of Jesus I come. This evil spirit deafened the ears of this woman to cause her to walk before a vehicle to be killed or some evil thing. But he can't stand in Your Presence. You said, when the deaf spirit went out of the man, he could hear. And Lord, she's unprivileged to hear the Gospel perhaps. But Thou can give her her hearing, so I condemn this evil spirit and cast this deaf spirit out of her. In the Name of Jesus Christ the Son of God, come out of her.

Can you hear me, lady? Can you hear me now? Can you hear me now? How long have you been this way? I just wanted to hear you talk so they can hear. Can you hear me now? Say, "Amen." [Sister says, "Amen."--Ed.] Say, "Praise the Lord." ["Praise the Lord"] I'm whispering. Here she is, a deaf woman. Now, look at her. Look at her. Say, "Amen." ["Amen"] "I love the Lord." ["I love the Lord"] Perfectly normal and well. You have female trouble too, is--is that right? causing a drainage (See?), from the bathroom. It was an abscess, but it's gone now. You can go home and be well. Jesus Christ healed you. Hallelujah. Praise be to the Lamb of God.

L-107 Every person in here could be made well right now. Do you believe it? I can call another prayer line. I can, you know, what's the use of it? Why not believe Jesus Christ right now. If Christ has told me, and I've told you what He said, and He's confirmed that I've told you the truth, what more do you need but to believe and accept what I've told you? Is that right?

If every one of you will believe Jesus Christ to be the Son of God and pull from that breast of salvation over to the breast of healing, and lay your head over on His bosom tonight and say, "I accept You, Jesus, as my Healer," you'll get well. I don't care what's wrong with you. Do you believe it?

If God can cast an evil spirit out of a person by a person, can He by prayer cast the spirit out of everything in here? Will He hear my voice from the platform? All right. Lay your hands on one another

while we have prayer.

L-108 O Jesus, my Master, my Lord and God, I pray for this audience of people. Thou art great, Lord. And we know that Thou art here. And I pray that You'll help every one, and may Your power come upon them. And now, Satan, in the Name of Jesus Christ, come out of the people. Leave them and go from them. And may the power of the resurrected God of Heaven, Jesus Christ, make every one of them whole.
