## **55-0807e - Methodist Campgrounds, Campbellsville, KY (Paragraphs: 51 - 73)**

**L-52** Here's a lady standing before me, I never seen her in my life. We're strangers, I suppose, to each other, but we're not strangers to God.

Now, the woman stands here, and I never seen her in my life, and she never seen me. But what if this was the same case like Jesus of Nazareth? What if He was standing here? What would He do? Let's find out in the Bible what He would do.

He met a woman one time at the well, and He went to talking to her. Did He? What was He doing? You say, "I don't know."

Well, if you was standing here with This around like I feel now, you'd know what It was meaning. He was contacting her soul. That woman is a living. Every person in here has a spirit and a soul. I'm not dealing with your body; it's your spirit. You get that right, the body will obey it. See? It's the woman's soul that I must touch. Then God, through prophecy could reveal to me and tell me where she come from, who she is, and what she is. She'd know whether that was the truth or not. I don't know her. I never seen her. No way for me to know her. But then He--then He'd tell her what she's here for, and could tell her what her outcome was going to be. And if she--if He could tell what her--what her has been, she know whether that's true or not. Surely, she could believe what He said would come to pass. Is that right? Nothing could do it but supernatural. That'll be up to her to believe what it is. The way she--the way she treats It, that'll determine her destination, what she gets.

**L-53** Now, how many here, I want to ask you, does anybody here know the woman? Raise your hand. Does anybody know her? Yes, look. Why, my, she must be from here. All right. Now, you know her; I don't. You'll be the judge. Let God be the judge. I don't know her. But if God will, like He did through Jesus Christ His Son, when God, the Spirit, dwelt in Christ, and Christ said that, "This same Spirit will come upon you, and you'll do the same things after I'm risen from the dead. I will be with you till the end of the world," will you, could--couldn't you believe that?

Now, now, for the glory of God, and for the power of His resurrection, I take every spirit here under my control, in the Name of Jesus Christ, so do as He tells you. [\[John 14:12\]](#), [\[Matthew 28:20\]](#)

**L-54** Now, I want to talk to you, lady. I don't mean to make you a--a--a gazing stock. I only do it, because I--I have to speak to you; you're the first patient, until the Spirit begins to anoint, and then it begins to get different. Then It goes around. See, It takes me under anointing.

You're--you are conscious that you're in the Presence of Something besides your brother, a feeling of knowing that there's Something near you. You are a Christian. I see that you're a Christian; it's turning real light around you. That means that your spirit is a welcoming me. You're not a critic. You've come for help. I don't know you, but Something is near you, that very thing that you feel, that real sweet, humble like Spirit... Is that true? Raise your hand to your friends if that's true.

Can't you see that, people, between me and the woman? That Light moving, whipping around? That's the Holy Spirit. You--you don't see it, perhaps, yourself, but your spirit lets you know It's there. Now, That's the thing that heals you, not me. It's your faith in Him.

**L-55** But you've come to me to be prayed for, and I don't know where your trouble is, but He can tell me. And if He will tell me, will you accept it and believe it's Him?

You're trouble lays in your back. It's your kidneys. Is that true? And you're real extremely nervous. And you have a kidney trouble, it's a--it's a poisoning. I see the tests shows that it's poison. I see him as he's

testing you. That is true. Do you believe? I never seen her. Now, the more I talk to her, the more He would say. But, look standing there in that room. Look out there. So many to be prayed for.

**L-56** Let's watch this a minute. You just speak to me again, sister. Now, see, that voice you heard a few moments ago when it was telling you what was wrong, I don't even know what it was. The only way I know, these men's got recorders going here. That wasn't me; that was Him. I didn't know what I was saying. It was Him talking.

But I see a little sign, that... No, you're not from Campbellsville. You're from a place called Jacktown, or something like that, Jacktown, Kentucky. It's true, isn't it? [Sister says, "Yes, sir"--Ed.] And your first name is Nettie. And your last name is Coffman. Go back home, Mrs. Coffman, Jesus Christ makes you well. Your faith healed you in the Name of Jesus Christ. Amen.

**L-57** You believe? If you can believe, you can be healed. Just have faith. That's all you need.

You want to get over that throat trouble, setting right back there towards the post? You believe that God would make you well? If you believe it, you can receive it. You can have it. God bless you, sister. Stand up to your feet just a moment. Don't weep. Your throat trouble is finished.

You don't have to have a prayer card. You see? You have to have faith. That's not me. That's Him Who looked in the audience there, where a woman touched His garment, and He said, "Who touched me?"

Said, "Don't ask such questions. Why, everybody..."

Everybody denied touching. He looked around until He found the woman. He said, "I got weak. Virtue went out of Me." That's the same thing taking place. Not me, it's Him, but it's Him in here. He said, "Thy faith has healed thee." The woman knows that's true.

Be reverent and believe God. You can have anything that you ask for, if you can believe, but you must believe. [\[Mark 5:25, 30, 34\]](#)

**L-58** This the lady? How do you do, lady? Do you believe in the Lord Jesus Christ to be the Son of God? Do you believe me to be His prophet? I say this not for self respect, sister; it's because that Angel of the Lord said to me, "If you'll get the people to believe you."

I see a shadow of darkness hanging around the woman. It's death. You... Yes. You don't come from this country. You're from a city, a big city. It sets on a hill near a river, and there's a city across the other side. Oh, it's Cincinnati, Ohio, is where you're from. I see the bridge. You have a bowel trouble. That's right. And there's on the liver a cancer on the liver. [Sister says, "That's what the doctor says."--Ed.] And you're... Yes, that strong looking doctor that was examine you. That's right. That's right, wasn't it? I'm not reading your mind. Yeah. You want to go home well? Accept my Lord Jesus.

Sister, Jesus said, "These signs shall follow them that believe. If they lay their hands on the sick, they shall recover." Do you believe I am a believer? Do you believe that that was God speaking through human lips? Then, that anointing is on me. What will happen if I lay hands on you? Jesus said, "They would get well." Will you go home rejoicing, giving Him praise? Then in the Name of Jesus Christ the Son of God, I condemn all the diseases of this lovely little mother. Send her wherever she belongs, to her home, to be well. In Jesus Christ's Name, I do this. Amen.

God bless you. Yes, I want you to believe that too, and she will recover. God bless you. God bless you.

Have faith in God. Jesus said, "Have faith in God." If you can, you can be made well. [\[Mark 16:17-18\]](#), [\[Mark 11:22\]](#)

**L-59** How do you do, sir? We are strangers to each other, are we, sir? We've never met in life. No, sir. We was... This is our first time meeting, but the Lord Jesus has fed us all the food we that we've ever eaten. He's give us the breath we breathe. And He's the only One Who holds our eternal destination in His hand.

Being a stranger before you, well then, I know nothing of you, but Jesus knows about you. He knowed you before you were born. He knowed you all your life.

Now, He's able, if He will, tell me what you're standing here for. And if He will, whatever it is, let it be

what it may be, will you believe Him with all your heart and accept it to be Him? You will?

Yes, sir. You are from Campbellsville, because I see you walking on the street, but you're smothering or something. Oh, it's your heart. You have heart trouble. This was caused by a heart attack you had, and you've never gotten over it.

Whatever that was was said was the truth, was it, sir? You believe that He's are in His Presence?

I lay my hands upon thee, my beloved brother, and ask that God in heaven will give to you the desire of your heart, and you may go tonight and have what you've come for. For I stand in the light of Calvary to pronounce these blessings in the One Who died there for them, Jesus Christ. Amen.

God bless you, my brother. Go, don't doubting nothing. You shall receive what you ask for.

**L-60** Oh, how I love Him. He's the adorable Lord Jesus, precious One.

How do you do, young lady? I suppose we're strangers to each other also. I'm so glad to see you. I like to see women without that artificial make-up stuff on them. You look like a lady. I'm so happy to see you. God grant to you your desire.

I am a stranger to you, but you love the Lord with all your heart. And do you believe Him to be the Son of God? Which, I shouldn't ask you; you do, for you're a Christian believer. And me being a stranger to you, but yet, I am His servant, you believe that, don't you? Then I can help you by praying for you.

I don't want you to think of what's wrong with you, or what you're here for; I want you to think of something else, so you'll see it's not mental telepathy. Mental telepathy is to take a number and they guess at it or something. Keep your mind off of your troubles, every one of you.

But you have a little growth, don't you? It's called a "cyst," the doctor says. And it's located under your right arm. It's true, isn't it? Your husband is with you, isn't he? I feeled his spirit calling now. He needs help also, doesn't he? He's got heart trouble. That's right, isn't it? You may go home. Be well, sister. Lay your hands on your husband while that anointing is on you as it is. God grant to you the desire of your heart, as I bless thee, my Christian sister, in the Name of Jesus Christ. Amen.

**L-61** Have faith in God. Believe Him with all your heart, and you can receive what you ask for. It's your faith that does it, not me. It's the lovely One Who's here tonight, the One I spoke of today, that set with unwashed feet. He loves you so much. Don't turn Him away. Accept Him in your heart. Oh, what a sin it would be for you to go away from here tonight disbelieving, after He's come from glory to do these things. Be merciful. God be merciful.

Now, look this a way just a moment, sister. I am a stranger to you, I suppose. We are my, many years apart in age. You're a young woman. I know nothing of you, but God knows all about you, doesn't He? If God will let me, His servant, know what you're here for, would you accept it?

Friends, I... Just such a faith pulling from the audience, honest, I can't hardly see the audience. It's such a faith, a pulling, faith arising.

I see a vision, a child right back here. Is there a child laying down there? Got a rupture, hasn't he? Isn't that right, lady? You believe Him? The child is hid, but not from God. He knows right where it's at. Do you believe, mother? Lay your hand over on your child, you and dad there, and ask God, "Father, be merciful." Will you do it? Grant that no harm comes, but that Jesus, the lovely One will heal the child, for the glory of God. Amen. [\[Mark 11:22\]](#)

**L-62** I am not beside myself, no, but such a feeling to know that now, right here, stands Jesus, the One Who raised from the dead, the One Who loves you so much. He's speaking for me, now. I've been preaching about Him; He's talking, now. That's Him.

Excuse me, lady. I didn't mean to leave you. I have to follow the way the Spirit leads.

Now, here's a dark streak coming from a woman to another one. What is it? It's a devil. He knows his time has come. This woman here has... You're extremely nervous, aren't you, lady? Just hysterically nervous. I see you trying to do things, and you just can't. You're just nervous, mental nervous. Satan told you that you were going to lose your mind if you didn't get over it. But he lied to you.

**L-63** That little lady setting right there, second one in right back there, she's bothered with nervousness, too. Isn't that right, lady? See what I mean? This demon knows if that woman will halfway believe that Jesus Christ, the Son of God, and I'm His prophet, that'll have to leave her. And that demon was calling to that one for help, for help to accumulate unbelief, but he's lost the battle. Sure he has. Faith is gathering.

Very nervous, upset, you're bothered about somebody else, too. That's a man. And that man's a soldier, been a soldier. He's a veteran of the war. It's a mental trouble. It is your--it's your husband's brother, your brother-in-law. Your husband has a habit, too, that he ought to quit: smoking. Don't fear, sister. Have faith in God. Come here for the blessing.

I lay my hands upon this, my sister. Satan, you evil, selfish, ungodly spirit, I challenge you in the Name of Jesus Christ in a duel of faith. You're exposed. Come out of the woman. In Jesus' Name. Go in peace, my daughter, and may God be with you and bless you. [\[Mark 11:22\]](#)

**L-64** Blood is dropping between me and the lady. She has diabetes. Insulin is a great thing, but oh, the Blood of Jesus is so much greater. Let's you and I go to Calvary for a transfusion. Will you go with me? O, God, I lift this woman to Thee, up to Thy throne there at Calvary. Will You touch her body just now and make her well? May she not die, but may this be rebuked. In Jesus' Name I ask it. Amen. God bless you, my sister. May His Spirit be upon you.

Now, that would put you in the bed pretty soon, and make you cripple, walk you around on a cane, that arthritis. But Jesus is here to make you well. Do you believe it, sister?

Little lady, looking around behind that boy, you're suffering with a nervous condition, aren't you? Uh-huh. Oh, Satan thought he would hide that. That lady setting next to you is suffering with a nervous condition, too. Isn't that right? You two ladies put your hands on each other.

In the Name of the Lord Jesus, Satan, demon, deceiver, you're not going to be able to hold them. They believe. They've touched Him. Come out. In Jesus' Name. Amen.

**L-65** Just a moment. Oh, there you are. Little lady setting there had nervous too, didn't you, lady? I seen a black streak go up. Jesus healed you.

Next to you, there. Had a lot of trouble, TB, retarded. You love Jesus with all your heart? You believe Jesus would make you well? Then, God bless you. Go and be healed.

So can you, sister, don't disbelieve, just go. You're wanting me to put hands on you. In Jesus' Name, I do this for the confirmation of faith. Amen.

Have faith in God. Come, lady. I see a table standing between me and you. You're going away from it. You're refusing food. You believe He will make you well so you can live and eat, and get over this stomach trouble? Got a ladies condition too, female trouble. It's been a long time, but God's going to make you well. You believe it? Then I lay hands upon you for your healing, in the Name of the Lord Jesus Christ. Amen. Have faith. Go, I believe this a way, if you will. All right. [\[Mark 11:22\]](#)

**L-66** Would you come? Now, that you might know... Friend, I am not reading the people's minds.

God bless your heart. That's right. There's no need of trying to hide it now. Your faith has made you whole, sister dear.

You've had a throat trouble, haven't you? Setting there with your hands just weeping. When I caught your looking this a way, Something struck you, didn't It? Something said, "You're healed."

The little lady setting there weeping next to you, she's been having a trouble also, a heart trouble. You believe that Jesus is going to make you whole, too? You all put your hands on each other.

Lord Jesus, I pray You'll heal for Your glory. You touch... They touched You. I felt them. And now, You make them well, will You, Father? In Jesus' Name I pray. Amen.

Lady, patient. Take a hold my hand. I am a stranger to you, am I not? If God will show me looking this a way what is your trouble, will you accept It? Then, you won't have to have your operation. That tumor will go right out of you. Believe; have faith in God.

**L-67** You'd never go blind if you could believe with all your heart. You do? Then I lay my hands upon you, in the Name of Jesus Christ, that you be made well. Amen. Have faith, believe with all your heart, and be well.

Nervousness is nothing for God to heal, is it? He's done made so many well. You believe you're going to get over it? See, it's a prostate trouble that causes this, makes you nervous getting up at nights and everything. That is right. Uh-huh. Now, go believing. Don't doubt at all, and it'll stop on you. You'll be well. God bless you, my brother. This I do in Jesus Christ's Name. Amen. Have faith. Don't doubt.

I can't heal you, lady in the little wheelchair. I can't make you well, but I know where your trouble is. If you only believe. You're weeping. Something's telling you that you can be well.

**L-68** Do you believe your back trouble is gone? You do? Well, you may go then, and God bless you.

You got arthritis, very bad. Just keep having faith. If you'd just use a little more faith, you can pick your wheelchair up and go home. Just believe. Have faith.

How wonderful is our Lord Jesus. I can hardly see the audience no more. Seem like that everything's becoming milky white, the Holy Spirit gathering in. People are believing now. Why didn't you do that in the beginning? You'd see great things done.

How do you do, sir? Oh, asthma's a bad thing, but God's a Healer of asthma. You believe it? Then go believing Him, and it'll cease on you. I bless thee, my brother, in Jesus Christ's Name, for your healing. Amen. Go, believing now. You can have what you ask for. God be with you.

**L-69** Oh, my. God wants to make you all well. I can't see you no more. God can heal kidney trouble, make people well with their back. Do you believe It? Is it all right in your case? You believe with all your heart? You believe that God will make you well? Then I bless thee, my brother, and ask that God heal you through Jesus Christ the Son of God. May He make you well. Amen. Have faith.

Real nervous, and it causes you to have a heart trouble like, in other words, a fluttering, especially when you eat and lay down, you get a smothering. Now, I want to tell you, you got a nervous heart, but not a heart trouble. See, it's the gas that forms in your stomach from a nervous, a peptic condition, that throws gas up around your heart, and makes it flutter. You believe you're going to be well? You believe you are standing in His Presence, the Lord Jesus, Jesus? Poor little mother. God bless you, sister, little frail looking thing. He loves you. He wants you to believe on Him just now. O God, poor little thing, trying to accumulate enough faith to be made well.

Oh, Satan, you cruel thing. I adjure thee in the Name of Jesus, the Son of God. Leave the woman. Come out of her.

My sister, I--I'm just a man. But the blackness was around you is gone. It's light now. Go, believing. All will be well.

**L-70** Heart trouble's and things is so easy for God to heal. Don't you believe that? It's number one enemy, kills more people than anything else, but God can heal it. You believe it? You got many suffering out there with it, too. How many wants to be healed of it now? Raise up your hands way out in the audience? See, this with no way of me knowing, just so... I am just about gone. I--I pray that God make you well.

Lord Jesus, I bless this woman who wants to live. And I ask that she lives, Lord. And may the enemy leave my sister. May she go to her home tonight and be well. In Jesus' Name. Amen.

Prayer of faith shall save the sick, and God shall raise them up. All right. [\[James 5:15\]](#)

**L-71** You come. My brother, knowing that life is very short for you unless something can happen. You have cancer, blackness gathering over you. The devil knows that if you could just use a little faith, he's whipped. Won't you believe Him, my brother? Have... Will you serve God all your life?

Almighty God, I condemn the devil, and ask that my brother lives. And, Satan, you're exposed. Come out of him, in Jesus' Name. Amen. Don't doubt, now. Go believing. You can have what you ask for if you

believe. Uh-huh.

You believe with all your heart? You believe me to be His servant, sister? Don't be excited. You're just a little nervous, but it's not in my presence; it's Him that you can tell. You want to get over your stomach trouble? You believe that God sent me to pray for you? If I will ask Him, will you go on, eat, and believe? Would you come near?

Father, with bowed heads and bowed hearts, Satan has robbed this poor woman, seeing that her life hasn't been a flower bed of ease, a dark strain following her. Oh, you demon, I bring her to Calvary. In the Name of Jesus, you're defeated. Jesus said, "These signs shall follow them that believe: If they lay their hands on the sick, they'll get well." You'll have to leave her. Come out. In the Name of Jesus Christ, may you go.

The life that was eating you, making the ulcer, that caused the burning and going on, it's gone now. You get well. [\[Mark 16:17-18\]](#)

**L-72** You believing? Everybody? Has God finally come to your heart? I know I have to go; they're pushing my sides, and I--I must. God bless you. I've told you the truth. And God's testified that I told you the truth. Now, do you believe God? Then do as I tell you. You'll see the glory of God.

Each one of you lay your hands over on each other as believers. Someone... Little boy, little boy with the red shirt on here, come around here just a minute. Lay your hands on the lady with the wheelchair there. Put your hands over on her. That's it. Right there, honey. Right there. Put your hands over on the lady.

O, God, this poor mother with her...?... on. Long time you've laid like that, brother, you in the wheelchair. Just move a little farther, would you?

You, setting there with the cancer, about to die, God will heal you. Have faith. Let us bow our heads.

"They shall lay their hands on the sick, and they shall recover," saith the Lord. Don't disbelieve now; have faith. Each one of you pray this prayer; as I repeat it, you say it.

Heavenly Father, I come to Thee in the Name of Thy Son, the Lord Jesus. I'm unworthy of the healing, but I am taught that Jesus died that I may have it. And I now believe it, and I accept it. And I shall act my faith. And I will go from here tonight, believing I'm healed, testifying I'm healed, and defeating the enemy on every corner, believing that You'll confirm Your Word in me, through Jesus' Name. [\[Mark 16:18\]](#)

**L-73** Now, that's your prayer. Keep your head bowed. That's your confession. Keep with God. Now, I will pray for you, and cast away by the Spirit of God, all this gloomy doubt, superstition.

O dear God, I know I'm unworthy. And I'm weak. My strength is gone. But dear God, Thou art strong. And I know that I'm unworthy, but You're worthy, and it isn't me after all. And I'm so vile, but in the light of Calvary I'm perfect. Jesus made me that way by His grace.

Now, I pray in the perfect manner to You, my Father. I come in His Name, because He bid me come. And I bring this audience into Your Presence, each one of them. Look at them, Lord, poor, suffering humanity, cripples setting in wheelchairs, little children with their hands on mama. O, God. Dad with his hand on mother, Husband with his hand on his wife, children with their hands on their parents. You see it just breaks my heart. What does it do to you, Lord? I pray for them, and the prayer of faith shall save the sick. Look at them, Lord. Look at them. They believe.

Satan, you evil spirit; you're defeated. Come out of them. In the Name of Jesus Christ, I cast you away. Leave this building. You are defeated, and these people shall be well. Come out. I adjure thee, by Jesus the Son of God...

## **55-0815 - Unknown, Karlsruhe, Germany (Paragraphs: 42 - 60)**

**L-43** The Lord bless. Now, we'll get to the rest of the prayer cards just in a few... We just can't have too many standing. How many here that does not have prayer card, you will not be called to the prayer line, and you're sick, and you want Jesus to heal you? Would you raise your hand? Thank you.

I ask you one thing. You believe with all your heart that Jesus Christ raised from the dead, and God is here. He's the same Jesus that you can touch the hem of His garment. He will heal you right out there. Just believe.

Now, Brother Arganbright, would you stand here? The reason that I get those around me who I know. I know they're diseases. I know what's wrong with them. And when the anointing of the Holy Ghost comes, every spirit becomes subject, and I can know who they are.

**L-44** Now, I do not know none of you. I can't even speak your language. I never seen you in my life. But God knows you all. He knows what's wrong with you. He knows what you've done in life. And if He will come and do the same thing that He did when He was in Jesus, you believe Him? The Lord bless you.

Now, in the Name of Jesus Christ, everyone be quiet. Be reverent. No matter what goes on up here. Don't get panicky. Stay quiet. Stay reverent. The sicknesses are demons. I'll prove that this week by the Bible. They don't like to leave. The only one can make them, is your faith in Jesus Christ. Now, be reverent.

**L-45** And now, you bring your prayer line. Now, I want you to be real reverent. It's very hard. It comes from God. And it has to be Divine. Here stands a man. I never saw him in my life. We were born many thousands of miles apart. This is our first time meeting.

Now, I'm going to ask my interpreter to be alert (be ready.) Audience, be ready. Just look this way and believe the Lord Jesus Christ, the Son of God.

Now, I say to you all, God be with you.

Now, this man standing here is just like the woman at the well. I don't know him. The only thing I could do would be talk to him a minute. And if God could reveal to me what's his trouble, just like He did through Jesus to the woman at the well... If Jesus will do that, will you believe Him? Will you accept Him as your Healer? Now, what's to this man? Stand up...

**L-46** Look this way. I am a stranger to you, sir. I have never seen you. But God knows you and He knows me. If we are strangers and know not each other, raise up your hand. If we are strangers, if you do not know me, raise up your hand...?... What was it? [Interpreter says, "He doesn't know you."--Ed.] (Yes, well, tell him to raise his hand so the...?... So the people will know I had no contact with you.)

Of course I can see, and so they can see, that you have a bad eye. Anyone can see that. But Jesus knows other things. And if Jesus will reveal something about him, then you've all promised to believe the Lord Jesus. Now, let us look to God.

**L-47** The man is in a dying condition. He is suffering. He has been to doctor. And the doctor examined the stomach. And it is a cancer. And the cancer is on the duodenal of the stomach, where the food empties out. Either, faith, or the man dies. That is true. You believe Jesus here? [Congregation says, "Amen."--Ed.]

You believe? I want to ask you something. There is something moving on you now, a feeling that you know that you're in the presence of Something, not your brother. You know that you're in the Presence of Jesus. For He's standing here. He knows you. Come, let me pray.

Shall we bow our heads. Dear heavenly Father, have mercy upon this man and heal him. Let him live, Lord. This demon called cancer has come upon him. And I now ask that it goes away. In the Name of Jesus Christ, I curse this cancer, and may it go from him. Amen.

Go, be of good courage. Testify at the end of the week.

**L-48** Here is lady. I never seen her. But God knows her. And God can make her well or give her whatever she's here for. I never seen the woman. I know nothing of her. God knows her and can heal her.

The lady setting there with arthritis, you believe Jesus make you well? If you'll stand up, the lady with the brown dress on. Yeah. Lady, raise to your feet. Your faith has made you whole.

Let's say, "Praise the Lord."

**L-49** Now, look this way quickly right away. Watch. Lady, I don't know you. But God knows you. Do you believe Jesus Christ to be the Son of God? If God will tell me what you're here for, that you believe that He will heal you? With all your heart? Now, I can't heal you. God can heal you. But I don't know you. But God does. And if He will explain and let me know what you're coming to Him for, you believe Him?

The lady has a dark spirit with her. That trouble is in her side, the right side. It's a lump. It's a cancer, and it's in your right side. That's right. Raise your hand. Raise your hand if that's true.

And here's more than that. all your life you've had a feeling that you wanted to serve Jesus. You have never accepted Him yet. But you want Him for your Saviour. That is true. Will you now accept Jesus as your Saviour? If you will, wave your hand to Him. Hallelujah.

**L-50** Almighty God, in the Name of Jesus Christ I condemn this demon, that he goes from my sister. And may he go and never bother her no more. This I ask in Jesus' Name. Amen.

You are a Christian now. And God be with you. Now, go; the lump will leave. Amen.

If God knows what you have had, what you have been, you know whether that's true or not. What I said is the truth. Is that right? Then he knows what will be. Go and don't doubt. You'll get well. You feel happy now. You are a Christian. God bless you. Let us say, "Amen." [Congregation says, "Amen."--Ed.] Give praise to God. Don't doubt. Have faith.

**L-51** Oh, what a time. Believe now, and you shall have what you've asked for. I am watching the Light. It's still over the lady. Do you wish to get over that skin disease, lady, that you have? You believe that Jesus make you well, setting here on the front row? You believe, lady setting right here? While you were setting there, while you were looking this way, you said, "I wish I was up there. I would be healed." That is true. If that's true, raise your hand. Amen.

I am not reading your mind. I had my back turned to you. But your faith touched Jesus and now you're healed. Your faith has made you whole. You don't need prayer card. You need faith in Jesus. Amen. He is risen from the dead. He does as He sees. Have faith. Don't doubt.

**L-52** The lady is stranger to me. I do not know her. You have faith, and you believe with all heart. I see a-a hospital, a place where the men dressed with white. And they are ministering to you. You come from hospital. And you have been nervous, real scared, upset. And something has been talking to you, telling you that you were going to lose your mind...?... That is true. Right. Do you believe Jesus Christ? Then go home and get well. In the Name of Lord Jesus Christ, cursed be this disease.

Oh Satan, you're exposed. Come out of the woman, in the Name of Jesus Christ. Amen. Go rejoicing. Amen. God bless you. All right.

**L-53** Will they bring the next patient? Lady, I do not know you. The parents of the children? Do you believe me to be God's prophet? You do? You are strangers to me. I do not know you. I've never seen you. The woman is a Christian. The man is trying--is trying to accept Christ as his Saviour, wanting to be a Christian. That is true. Her spirit feels welcomed. He is coming to the Light.

You don't come from here. You come from another city. Long road, from below, coming up. You're from a city, a beautiful city. And it sets where lots of water is. It looks like Switzerland. You bring your child. The child has epilepsy spells that shake. If that is true, raise up your hand. Amen. Do you believe Jesus Christ will bless your child and these spells will leave it? Then you'll serve God all your life.

Almighty God, I bless this child in the Name of Jesus Christ and may the evil spirit leave and may the baby get well, in Jesus' Name. Amen.

Now, let us hear what happens to the baby. Watch it start getting better, then you come tell us about it. Amen.

**L-54** All right, bring the next. How do you do? We are strangers to each other. I do not know you. God knows you. Be reverent.

That lady, setting right there with a lady's trouble, right over from that post, the Light is hanging over

you, lady. It's a lady's trouble, yes, raise up to your feet and accept your healing. Do you believe? That's it. Your faith has made you whole. God healed you, lady.

Let us say, "Amen." Praise the Lord. His great mighty Being is here now. All devils is defeated through the Blood of Jesus Christ. God is still God. Amen.

**L-55** That man setting out yonder, back beyond the post, that has to get up at night so many times, do you believe Jesus Christ healed you? You're well. Christ healed you. You don't have a prayer card. Praise the Lord. You see what I mean? Your faith makes you well. Amen.

Believe. Oh, my. What a difference. Have faith. The lady's a stranger. I do not know you. I have never seen you. We are strangers. But I notice around you, you have phobia of the... something about wintertime. When wintertime comes, you resent it, get scared when wintertime comes. It makes you all upset. And it makes you constipated, and you can't eat right. That is true. I curse that devil, in the Name of Jesus Christ. Go home; it won't bother you no more. It has left you. Amen. God bless you.

**L-56** Let's just say, "Praise the Lord." You believe? Don't be disturbed. Demons will scream and everything. But we're in the Presence of Christ. No wonder evil spirits cry out; they know their time has come.

I'm stranger. Do you believe me to be His prophet? With all your heart? Would you like to go home and eat your supper and be well? You've had stomach trouble. Go, eat your supper. Your faith has healed you. Jesus Christ makes you well. Amen. Praise the Lord. Oh, my. The Lord Jesus raised from the dead. He's here.

Do you believe, my sister? With all your heart? You believe Jesus, the Son of God? You believe me to be His prophet? If God will tell me what you want, will you accept it? If you will, raise your hand. You have, between you and I is blood. You have diabetes in the blood. Now, that's right. Wave your hand if that's right. All right. Then believe God. Come here.

**L-57** I curse this disease. O Satan, you have hid from the doctor, but you can't hide from God. Come out of the woman, in the Name of Jesus Christ. Amen. Go believing and you shall be well. You got to only believe.

You are nervous, upset, causes you to have stomach trouble. You can't eat. Your food sours. And when you lay down at night, you have flutters sometimes around the heart. You think it's heart trouble. It's not. It's nerves. It's a peptic ulcer in the lower part of the stomach that burns and hurts. That is true. Do you believe God? Do you believe Jesus to be the Son of God? Do you believe I to be His prophet? Do you believe that's Jesus revealing to me?

Then Jesus said this, "These signs shall follow them that believe. If they lay their hands on the sick, they shall recover." Then in the Name of Jesus Christ, I cast away this demon of power, and set my sister free to be well, in Jesus' Name. Amen. God bless you. [\[Mark 16:17-18\]](#)

**L-58** Let's say, "Praise be to God." Amen.

Do you want to get over that foot trouble you're having? You believe Jesus will heal you of your foot trouble? If you believe, you can have it. Can you accept it? If you can, give Him praise. Amen.

What if I told you that the Lord healed you while you were setting in the seat, would you believe me? Then, go home. Your faith has healed you, in Jesus' Name.

**L-59** What if I told you that your heart trouble can be made well in Jesus' Name? You believe it? Then go. As you...

Just a minute. Demons screamed. Something called for help. Demon power... It come from the audience. When this woman was healed, that demon spirit screaming to one another for help. It's the spiritual world. We're not talking about the outside.

It's this lady laying in this chair with a red dress on. Have you a prayer card? No? Do you believe me to be His prophet? You were laying there looking to me, believing, saying, "Wonder if I could be well?" If

God will reveal to me what your trouble is, will you accept Jesus as your Healer? Will you do it? It was heart trouble, the same thing that was the matter with this woman. Take up your bed. Go into your home. Don't doubt nothing, and you'll get well too. Hallelujah.

Don't doubt. Now, when the service is out, where we can get through the crowd, take up your bed. Go into your home. Hallelujah. Jesus heals. Do you believe?

**L-60** What about you, sir? Right here, clapping your hands. You believe? You think God will heal of that back trouble? You believe He will make you well? You do? Let's... Do you believe this? Do you believe that Jesus Christ make you well? Do you believe? All of you believe Jesus heal you, stand up on your feet, quickly. Raise up to your feet.

Let us pray. Our heavenly Father, in the Name of the Lord Jesus I condemn every devil spirit. I cast out all the evil. In the Name of Jesus Christ, may the devil leave.

### **55-0818 - Unknown, Karlsruhe, Germany (Paragraphs: 29 - 43)**

**L-30** You believe? Every man should believe of what Jesus... You should believe him with all your heart. He is so real, so good. Oh, how lovely. Lady, you look on me very earnestly. You're suffering with a nervous condition, setting there in that row right there, the first row. Aren't you? Yeah. Looking right here at me... The lady next to you has something wrong with her back. You believe with all your heart? You believe Jesus heals you? Then you can have your healing. You don't need a prayer card. You see? You get well anyhow. Amen. God bless you. Have faith in God.

**L-31** Right over the lady... There is a lady--there's someone has had a blood disease. You want to be healed? Will the lady there--that with her hand up. I want to ask you something. When I spoke to this lady, why, you said in your heart, "O God, let him call me next." If that's true, wave your hand. I don't read your mind. God told me what you were praying about. Now, receive your healing. The blood has stopped. God bless you.

Let us say, "Praise be to God." The great resurrected Lord Jesus, so wonderful, how good He is.

The lady setting on the end right there is suffering with nervous trouble. Right back over behind you there, lady, there's a Light beside her. If you--you believe Jesus make you well? Right back behind the lady on the end, there's a Light standing by the lady, which is the Angel of the Lord. Are you--if you can believe, you can receive.

**L-32** Bring the patient. Have faith in God. Don't doubt. Believe with all your heart. Don't move. I will speak tomorrow night... Evil spirits are moving through the building; you'll get them. Set still. We're not playing church. The Holy Spirit is here.

And stop thinking that, over there, "It's reading minds." I know that is wrong. God will hold you responsible. Remember, you're--you're in His Presence. Oh, praise be to God.

You've come from somewhere else. You've--you've come from the--the... So you been overseas or something...?... water. You're from America, on the east coast of America. I see you in New York City near where the great building is standing, lots of automobiles around...?... You are a minister. You speak English. And you are a--you are a preacher of the Gospel. And you had a church called the Church of God. And you are a missionary over here. Our first time of meeting. This is your boy. And I see your wife. You have a wife. And you are suffering with something in your back. It's back here; it's kidney trouble. You got a kidney stone in the kidney. And your wife is sick, and she has something in her leg; it's varicose veins, and they're causing trouble with her heart. Those things are true. If they are, raise hand. Go now, believe. Jesus Christ makes him... Amen.

**L-33** You believe? Have faith; don't doubt. Just believe with all your heart, and you shall receive what you've asked for.

The lady setting right there, second one from the end, from the row that's going this a way: nose

trouble, throat trouble, eye trouble. That's right. Go home, believe the Lord, and get well. Hallelujah. Do you have faith? That's all you need.

Setting right on the end of the row back here, this row that runs this a way. A lady back there has got TB. You believe? If you can believe with all your heart, you can be well. Accept it, and be well. Amen. Only believe; just have faith and God will make all things right.

This lady, is this the patient? Is this the patient? Oh, here? Come. We strange to each other, we do not know...

The little lady setting right back here, about in middle of the rows, suffering with that rupture, praying for God to heal you, stand up on your feet and believe. [Blank.spot.on.tape--Ed.] You were praying, and asking God, "Let... God, let him call me." That's right. Believe now. Your faith touches Him. Amen.

**L-34** I challenge in the Name of the Lord Jesus, for anybody to look and believe that I'm telling you the Bible truth. See what your faith will do in the sight of God. Hallelujah. He's the same Jesus, that the woman touched His garment, and He felt the virtue go out. He lives today. His promise is true. "The same things that I do, shall you do to the end of the world." Amen.

This lady, stranger, God knows you. I do not know you. I could talk to you; longer I would talk, more He would say. But if God will let me know what you're here for, will you believe? Amen.

Now, it's coming from all over the audience. Your faith is rising. Wonderful. This should convince you that Jesus is same yesterday, today, and always. Keep that up; there won't be any sickness left. [\[John 14:12\]](#)

**L-35** If God will let me know, this strange woman what's wrong with her; it might be financial trouble, domestic trouble. It might be sickness. It may be immorality. I don't know. God does know. But if Jesus of Nazareth will come here and do just the same as He did when He was here on earth, you ought to believe.

Look, if He was standing here, wearing this same suit that He gave me, and what if the woman was sick, and He would say to her, "Woman, do you believe?"

She'd say "Yes," and she'd be sick. Could He heal her? No, He's already.

He'd say, "Don't you believe what I did for you?" No man can forgive men of their sins or heal them of their sickness, for that has already been completed in Calvary's sacrifice. Amen.

**L-36** The little lady is in a dying condition. She has to find God immediately, or she die. A real darkness is over her. She's suffering with a cancer. Believe. Look this a way. The cancer is in the female organ, lady's organs. Right. Doctor can do nothing about that now; it's all to God. That's right. He was honest with you; the man done all he knew. You believe me to be God's servant? Now, there's somehow, some way, that I know you. Now, your attitude towards that will determine your healing. I'm talking to you, long, because you must believe.

May I tell you something else, that you're not thinking of? You're a married woman. You have a husband. He needs healing too, on his leg and on his side. Now--now you believe, don't you? Now, go on your road. Amen.

[Blank.spot.on.tape--Ed.] Believe! You believe that you're in His Presence, sister? If I would ask God to heal you, would you believe it?

Jesus of Nazareth, I pray that you bless this woman and make her well, in Jesus' Name. Amen.

**L-37** Don't doubt. Go believing, and you'll be made well. God bless her heart. I look at her, think of my own dear mother tonight way across the sea, praying for me. Somebody's mother... Believe. You believe me to be God's servant? Would you like to be healed? If God will let me know what's wrong with you, you believe Him? In your stomach, can't eat. You're a nervous woman; you've had it a long time, ever since you were a middle-aged woman, it come on you. You've get real weak in the afternoon. Sometimes you set down; you can't work no more. That is true. I bless you, my sister, in the Name of Him Who we're in Presence of now, which is Jesus Christ. O God, have mercy and heal this dear loving woman, in

Jesus' Name I pray. Amen.

**L-38** Sister, Jesus said, "These signs shall follow them that believe; if they lay their hands on the sick, they shall get well." He said that. You believe I'm a believer? You do, well then there's something here that knows you, knows your life, and knows you since you were born, and speaking through my lips, telling me your life. You believe it's Jesus? Then go, eat your supper; be real happy; the stomach trouble leaves you. God bless you. Let us say, "Praise be to God."

Dost thou believe, all your heart? Your trouble is in your back; it's kidneys. You believe that Jesus make you well?

O God, I pray in Jesus' Name, that You heal this, my sister, for Your glory. Amen. Go rejoicing. Hallelujah. [\[Mark 16:17-18\]](#)

**L-39** Now, you believe? Now, look. Give me your attention, so that you won't think that it's mental telepathy or reading mind. I want to ask you something. Jesus perceived their thoughts. Is that right? Raise your hands if that's the Scripture. Jesus of Nazareth, He said... "He, perceiving their thoughts, said, 'Why reason ye among you.'" Is that right? Raise your hand. Amen.

Now, look. There's Someone standing by me. I haven't looked at her. I don't know nothing about her. I'm going to ask the lady to lay her hand on mine. I am not looking at her. Now, this will settle the question for you. If... I'm speaking now to the lady. If Jesus of Nazareth will let me know, while I look this a way, what's wrong with you, will you accept your healing? If you will, raise up your hand. [\[Matthew 16:8\]](#)

**L-40** Will the rest of you in the audience, truly see that it's not reading your mind? I don't know; I haven't looked at her. If God will reveal, will--and tell what's wrong with the woman by a vision, looking this a way, will it take all the skeptic out of your mind? If it will, say, "Amen." [Congregation says "Amen."--Ed.] Let the lady be judge.

The lady suffers with a lady's trouble, female trouble. If that's right, wave your hand. You believe now? You go home; you're well.

Let us say, "Praise the Lord."

All right, the next lady may do the same. The lady who stands now is suffering with a blood disease called diabetes. If that's right, raise your hand. Raise it. You believe? Go believing. Amen. Let's say, "Praise the Lord."

Heart trouble, caused by nervousness... You believe you're going to get well? Amen. I believe it too. Amen. Go, Jesus makes you whole.

Come. You believe, my brother? You believe, if I would lay my hands on you, that your stomach trouble would go away from you? You do?

In Jesus Christ's Name, I ask for his healing, Amen.

God bless you. Go believing.

**L-41** Every one of you can be healed. It could just go on for hour. What's the use of setting there sick any longer? Jesus is here. You believe it. Why, what more could He do? What--what else could he do? Now, have I found grace in your sight, through God? If I have say, "Amen." [Congregation says, "Amen."--Ed.] I tell you the truth about Jesus. Jesus comes here and witnessed it is the Truth. Has he done it? Then you do what I tell you to do now.

How many of you wants to be healed right now? Then you bow your head, and you say this same prayer that I say to you. Now, you repeat it after me. Every head bowed.

**L-42** O God, I love Thee. I believe that Jesus Christ is Your Son. I accept Him as my Saviour, and as my Healer. I now believe that You raised Him up from the dead, and He's here to comfort our heart and to give us faith. And I now accept my healing. Through His stripes I am now healed. I believe You, God. I shall testify the same. God, be merciful and let my faith never fail, through Jesus' Name. Amen.

Now, keep your head bowed. That was your prayer to God. That's your confession. You believe.

**L-43** Now, I'm going to pray for you. And I'm going to ask God, while I'm so weak I can hardly stand here. Someone's holding me up. My strength is gone. Your faith has drawed it out. Many people here are well right now. You'll know it, yeah, after even I'm gone, you'll be telling people that your troubles left.

Now, there's an evil one, a spirit of unbelief, will hang around. I'm coming to meet you, spirit, you devil. You caused people to disbelieve God's Word. But God has come, and He's broke your spell, and you're rebuked. You can't hold people in unbelief any more. Jesus Christ has raised from the dead, and He's here now. I rebuke thee, Satan. Come out of here. Let the people go, in the Name of Jesus Christ.
