## **57-0519e - Saskatoon Arena, Saskatoon, SK (Paragraphs: 88 - 115)**

**L-89** All right. Just be reverent now. Only thing I can do is pray and lay hands on you. Now, I'm going to ask everyone to be just as quiet as you can and be in prayer.

Before this woman comes to this platform, setting right here, let me show you something. The woman is coming to be prayed for for deafness. She's deaf. I could feel that; there's a deaf spirit on the woman. Right here, setting before me now. And it knows that woman has faith also, it's perhaps going to have to leave just in a moment. I'm going to ask you to bow your heads just a moment. Let's pray.

**L-90** Raise your head just a moment. Watch here. See? She says, "Ruptured eardrum." Now, everybody be reverent just a moment.

Dear God, with a ruptured eardrum, how could the woman be able to hear the Gospel. Faith cometh by hearing, but what if you can't hear? Then I pray, that the audience might know that You're the Son of God; I pray that You will heal this dear woman, and will make her well, and take away this deafness from her ears. May it start this very hour and may she be made well. Grant it, Lord. In Jesus' Name, I ask the deaf spirit to go out of the woman.

And now, everybody keep your head bowed a minute. That's a nice little seed you're wearing, mustard seed. That's all it takes, is that mustard seed faith, isn't it? Isn't that right? Yes. All right, you can raise your head. How long you been wearing that little seed? Quite a long time. Why, it's a wonderful thing. Some people has faith for miracles. Some has little bit of mustard seed faith, but if it's all... You know mustard seed won't mix with any other seed. So a mustard seed will do the trick. Amen.

I've got my finger stuck in her good ear and here she is hearing me normally speaking out of this ear. God bless her.

You love the Lord, Sofia, and then you're... That's your name, and you come from a place called Beechy, Saskatchewan. That's right. Return home, now, you are well. Jesus makes you well. [\[Romans 10:17\]](#)

**L-91** Do you believe God? How did He know who she was, where she come from, what was wrong with her, how it would be? I didn't know it. God does. Now, let's just try to keep away from that if we can, 'cause we won't get one third of these through, not but a few. Let's just all be in prayer now.

And what is your trouble, brother? Yours? Stomach trouble. You tell what is wrong with you soon as you come, so I won't catch that. All right.

Dear heavenly Father, I pray that You'll heal this man of his stomach trouble, and may he go home tonight and be made well, as I pray this prayer of faith for this my brother. I ask it to happen in Jesus Christ's Name. Amen. I believe it, don't you, brother? Absolutely. A... God bless you. Praise the Lord...?...

**L-92** Your trouble, sister? You believe the Lord will make you well? All right. Let me have your hand just a moment. Now, look. There... You know that there's Something here that knows what's wrong with you. You realize that you are standing in the Presence of Something besides a man to make you feel like that. Now, if that's right, raise up your hand to the audience. Certainly, It's that anointing. That's why I'm talking about it. See? That's what's in the Presence. That's what made the big animal stop. That's what made the bees go to his box. See? It's the Holy Spirit. He knows; He knows all about you. You believe it is the Holy Spirit? Then you can ask Him anything and He will grant it to you. And your nervousness and things will leave you. You believe that?

I bless this dear woman, heavenly Father, in the Name of Jesus Christ, for her healing. Amen. God bless

you, sister. Have what you ask for.

**L-93** And what does he want? You believe that Jesus will heal you the diabetes, little boy? You believe He will make you well? Well, I believe He will, too, honey.

Dear heavenly Father, by faith I take this little boy, and we know when children get diabetes, if You don't help them, it's awful. But I pray now, as I take him by faith in the shadows of the cross and ask that Jesus Christ, God's Son, blesses this little lad, and takes diabetes away from him in Jesus Christ's Name. Amen.

Sonny boy, the great Angel of God Who stood near Brother Branham, which is here right now. You might not be able to see It, but It's here. You recognize that. You're blessed. God has brought you into His Presence. Now, you go away believing that you will get over the diabetes. You write and tell me about it. Will you do it? God bless you, too, sister. All right.

**L-94** The little boy, you believe that Jesus heal your eyes? Let you bow your head with me.

Jesus of Nazareth, as this little boy looks up here and his little eyes in the condition that they are in, I pray that You'll heal him, make him well, and take this horrible thing away from him, and let his little eyes be normal and well in Jesus Christ's Name, I ask it to be, as I lay my hands on this innocent child, too young to know what's right and wrong. I pray that You'll grant it in Christ's Name. Amen.

Now, all right now? Your little eyes just as straight as they can be. Look out to the audience there, so some people can see you. Look over this way. Look back this way. Now, you can go off the platform and be well.

Let's say, "Thanks be to God."

**L-95** You believe that God will heal you, woman? Now, look, sister. It's more like an oppression. Just let me ask you something. Usually it hurts...?... Especially when the sun starts setting. You get a severely weary feeling. Sometimes you think you are going to lose your mind. You drop things and you...?... That's right. I'm not reading your mind, but that's true, isn't it? All right. Now, see, Something here knows you.

Before you come to this meeting, you was praying if you could got in the line, you was going to accept. You wanted a place to put your foot, you said, to set your foot. Is that exactly what your talking about? That what you been believing and wanting for and praying about? Now, how did I know what you been praying about and what saying down here? Knowed before you come what you did at the house? Something here tells me, is that right? That's God. He wants to make you well. He will do it right now. You believe it? It'll leave you right now. It can't stand in His Presence. No. It can't stand there. It'll leave you. But now if you keep believing, it'll always stay from you. If it don't... See?

**L-96** I... You understand what it is, sister? How old are you? Now, do you know what I mean? See? It's menopause, sister. It's change of life. See? You just get all kinds of feelings. There's really nothing wrong. Hormones is ceasing in your body, and it don't put out no more. Don't you let a doctor give you any hormones. That's the first case of taking cancer, it's cells they're putting in you. You keep them out. Go right on; believe God. What is cancer but a multiplication of cells. A hormone's just like... What you're doing, just like if you been taking dope, and then take you off of it. My, you don't know what to do. Your body actually puts out hormones, and now it's not putting out hormone any more. See? And that... It's a nature thing. After while, it'll be over. But now, the devil will run you crazy if he can. But don't you let him do it. You look to Christ right now and be healed.

O God, this poor little nervous thing standing here, her poor little arms dancing around, and knowing that the devil's trying to give into his grip. Thou, devil, I charge thee in Jesus Name to come out of the woman. Leave her. And as I put my hand back on her as a believer in Jesus Christ, you leave this woman alone in the Name of Jesus Christ.

**L-97** Now, look up this way now. It's gone now. You're quiet now. You feel all right, don't you? Raise your

hand if that's right. Yes, you're healed. See? Amen. Now, go on your road rejoicing.

Let's say, "Praise the Lord." What if I...?... healing...?... to you, brother, but if you was in that shape, it would mean something to you. It can't stand in the Presence of God. God said so. That settles it. Just as true as He knows your heart. He said those words. He even said He'd take the Bible here, and...?... prove it. Here He is confirming it everywhere.

What do you want Him to do for you, brother? What? Heart. You believe that He will do it?

Father God, in the Name of Jesus Christ, touch this man's body tonight and take his heart trouble away from him, and make him completely well. I ask it in Jesus Christ's Name. Amen. God bless you, brother.

**L-98** You believe that Christ can heal you, sister? What's your trouble that you want healing in? You believe that He will do it?

O blessed Lord, as I hold this dear woman by the hand, praying with all that I know the prayer of faith, Father. And I ask as love in my heart for You and love for this dear woman, Oh, just a little while, and she'd have a white cane in her hand, beating along on the street. Grant, Lord, it'll never be so. May she be healed. I bless her in the Name of Jesus Christ, whose Presence we're in now. Amen.

God bless you, sister. You believe you'll be all right? So do I. The Lord be with you and bless you.

**L-99** How do you do, lady? Just a moment. Something's taking place in the audience. Something happened. Please, just be reverent...?... each one of you, moving along, your--your--your soul (You see?), your spirit. And ever spirit's subject to this Holy Spirit here. Certainly. And as you disturb or even misthink or something, it happens. Something happens. You say, "Brother Branham, is that?"

Why, certainly it's the Scripture. Here, He hasn't gone. This lady, here. Do you believe me, lady? You believe me to be God's servant. I never seen you in my life, did I? We're perfectly strangers. If God in heaven will reveal to me what you're here for, so that the people will see that you're just a woman walked up here in line, will you believe with all your heart? You be the judge. If He knows... Now, I can't heal you if you're sick. I've got very little money. If it's finance, I'd give it to you. I don't know. You know I don't. I never seen you in my life. And this is our first time meeting, is that right? Raise up your hand. Now...?... Now, if Christ is the same yesterday, today, and forever, what about this? Will He do it? I believe Him.

**L-100** The lady is shadowed with death. The woman has cancer. That's right. There is a black shadow hanging right by her. And that cancer is in the colon, the bowels. That's right. You believe me now? Now, the more I talked to you, the more would be said. Is that the same Lord that would know what the woman's trouble was? The same Jesus that talked to the woman just a minute to find her trouble? Let me tell you this, as He told Philip where he come from. You're not from this city. You're from a place called Edmonton, in Alberta. You're from Alberta. And your name is Mrs. Parker. That's right, isn't it? Now, go on your road, and rejoice, and be made well in the Name of Jesus Christ.

**L-101** Do you believe? Say, "Amen." That's right. Pray. Keep your heads bowed. Pray for these people. Come, sir. Please tell me, speak out what your troubles are.

Lord, I pray that You'll heal this dear brother, and will make him completely whole, and take all the sickness from him in Jesus Christ's Name. Amen.

God bless you, my dear brother; that'll get...?... Believe it now, with all your heart and you shall...?...

Your... of course, you got a little hunchback here. You believe that God will make you well?

Lord God, I pray that You'll heal this little boy and make him well in Jesus Christ's Name. May this little hunch on his back start moving down and be made well, in Christ's Name. Amen.

Look here, son. You're an impossible case with the doctor. You know that. He can't do nothing for you. But will you believe me as God's servant? I'll prove something to you. When you go in tonight, you take a string and measure around you little waist, like this here, and put it together in then cut it off. And tomorrow night before the service, you go get that same string and measure again around you, and cut off how much you shrunk around this way by tomorrow night and lay it on my desk. Will you do that? All

right. Go now.

**L-102** You believe God will heal you, my brother? O God, I pray in Christ's Name that You'll heal this man and make him well, through Jesus' Name. Amen. God bless you, my brother. You believe it?

I should've never had the first discernment; it makes everybody want it. You see? And we--I can't do it and have this line through here.

All right, brother. You believe God will make you well? You believe if I pray for you that Something's here now that you realize it's Christ?

Heavenly Father, I pray that You'll bless this man and make him well. Heal him, dear God. And I lay my hands upon him and bless him in Jesus' Name. Amen. God bless you, brother. Go believing now. Blessed are they who have never seen Him, yet believe.

You believe, brother, that God will make you well? With all your heart?

O Jesus, Son of God, I lay my hands upon him, and--and I pray that You'll heal him and make him well. As I bless this poor dear man, God give to him the soundness of his health for the glory of God, in Jesus' Name I ask it. All right, brother. Go, believing now. Don't doubt, but believe. [\[John 20:29\]](#)

**L-103** How do you do, sister? I believe you're the lady that accepted Christ the other day. What do you want Him to heal you of? You want God to heal you of that? Conditions, that... Yes. This is a little Catholic girl, the French Canadian Catholic, that give her life to Christ the other night, the first meeting of mine she was ever in. She's nervous, now. Let's pray.

Dear heavenly Father, we realize that this little lady has a great thing facing her, yonder. She has got to come against a wall of opposition. She left two little children, she said, at home. They were just getting up with the measles. O God, but faith struck her little heart. She was determined. She wanted to see Jesus. She's like the queen of Sheba; she's going to see if it was right. You saved her, Lord. I'm standing here now, and she's in Your Presence, and I'm in Your Presence, and she feels it and knows that You're here. I bless this woman. May she return to her home happy. May all of her diseases and the children all be well. May she lead a happy, peaceful life, and lead all of her loved ones to the Lord Jesus. I bless her in Christ's Name. Amen.

God bless you, little lady. Go and receive what you've asked for. I hope to see you at Dawson Creek...?... Edmonton, Edmonton. God bless you.

**L-104** I believe you're her husband, your sister, I mean. You told me the other in the restaurant. What's your trouble? Oh, pain in the side and in your back. You were formerly French Canadian Catholic, too? God's good isn't He?

O dear Jesus, this little man has drove a long ways. He's come through many a hard trials. He's walked in this platform here tonight with his sister, and he wants to be healed. He's a pain in his side and something wrong in his back. And as this group of believers make their way up back across to British Columbia or wherever they're from, may the wheels of the automobile just hum a song, and the praises of God rise into that car as they go along in the joy of God. May all their sicknesses be gone; may our brother be healed, give testimony to the glory of God. We ask it in Jesus' Name, as I bless him for this purpose. Amen.

God bless you, my little brother. Want to see you over there really on fire for God. You know my buddy Chris Berg? He's here somewhere. I'm to meet him tomorrow. That's good. That's fine. All right. God bless you, my brother.

**L-105** What do you want God to heal you of? Oh, God bless you, my dear brother. I pray that the Lord Jesus Christ comes to this man, now, making him completely well, healing him of all his infirmities and making him completely whole. I bless him for his healing, in Jesus' Name. Amen.

God bless you, brother. I believe it'll be over, don't you?

Asthma? Mighty fine looking little chap. You love Jesus? Now, if Jesus was here He'd lay His hands on you, you'd get well. But Jesus went up into heaven and send the Holy Spirit down. And that's what you

see healing tonight in the building. Now, Brother Branham come to pray for you. You believe Jesus is going to make you well?

Dear heavenly Father, I bless this handsome looking little boy standing here, bronchial asthma... Oh, Satan, you would have to be cruel to afflict a little child. Now, leave the child, I adjure thee by Christ the Son of God, that you'd come from him. And may this asthma leave and never return no more. Amen. Bless you, honey. I believe it'll all be gone. You won't have it no more. God bless you, sir. You believe that to, do you? That's very kind. Let us hear from the little boy.

**L-106** All right, sister. You believe that God will make you well, now? Blessed God, as this church of the living God here tonight, hundreds of people praying at this time, we together are uniting our prayers for this sick people. It's somebody's mother; it's somebody's daughter; it's somebody in need. I pray that You heal her, Lord, as I bless her with my hands upon her. For the Bible has said this, "These signs shall follow them that believe: If they lay their hands on the sick, they shall recover." We believe it, Father, in Jesus' Name. Amen.

You believe it, sister dear? I... With all my heart I believe it. God be with you. [\[Mark 16:17-18\]](#)

**L-107** You believe, my brother? Believe that God will make you well? Just look at the people here is praying for you. Those people are all praying. I'm just one praying for you. All them is praying for you. Christ is here. You're in His Presence. He knows you. He loves you. He wants you to be well.

O Jesus, as this dear man comes, see them come, Lord, with the sincere look in their face. They're wanting to get relieved, Lord. Maybe the doctor has tried hard, and God we thank you for him. But maybe he couldn't help them, and they're coming up to the great Doctor of doctors, the great Physician. And with the prayer of faith He promised to heal the sick. And this I pray for my brother with all my heart in Jesus' Name. Amen.

God bless you, my brother. Now, go and get well in Christ's Name.

**L-108** Now, you believe with all your heart? Then, dear heavenly Father, as this young man stands, and I hold his hand as a making a contact to him, saying, "They shall lay their hands on the sick." I ask by this prayer of faith, that You'll heal the man, and may he go from here tonight rejoicing and knowing that he's met exactly what God has said. And may his faith reach over and take a hold of it, while he's here in the shadow of the cross. We ask in Jesus' Name. Amen.

You believe it's over, brother, and you'll be well? God bless you then. [\[Mark 16:18\]](#)

**L-109** All right, sister dear. You believe that He will make you well, sister dear? Now, look. You're the one that's sick. God's the One that's here. He has--He's done purchased your healing. Now, you just look and believe it and live. That curvature will leave and the ulcers will go; You'll be made well. You believe that?

Blessed Father, as this little woman stands here, knows there's nothing in the medical room or surgery can help this curvature. Neither can it, this ulcers. But Thou can, Lord. I bring her in the shadows of the cross in the Name of Jesus Christ, with this prayer of faith I offer for her, for her healing. Amen.

Now, sister. Here's the way to accept it. "I'm in the Presence of God. The prayer of faith has been said. If others can be healed, I am, too. Thank You, Lord. It's over." Now, never let nothing else come between that, you'll get well. God bless you.

**L-110** All right, sister. What do you want Him to heal you of? You believe that He will do it?

O blessed Lord, as this woman comes along while this great church is praying, ministers of the Gospel, faithful women, all praying, and we're asking You, in the Name of Jesus Christ, to heal this woman. Receive our prayer of faith, Lord, that she might be made well, through Jesus Christ's Name. Amen.

God bless you, sister. Is it a finished thing for you? You believe that you're going to be well? God bless you as you go on your road.

All right, my brother. You believe that God will make you well? O Lord, my blessed Redeemer, I bless

this man in Christ's Name. I pray that You'll heal him and make him well. May it be a finished thing from right now. May he realize that the very God Who made heavens and earth has sent His Son to die for this purpose. And He claimed, with His great promise that "the things that I do shall you also." That last words that come from His mouth said, "These signs will follow them that believe: If they lay their hands on the sick, they'll get well." We believe it and ask it in Jesus' Name. Amen.

God bless, brother. God be with you. [\[John 14:12\]](#), [\[Mark 16:17-18\]](#)

**L-111** Yours, brother? Do you believe that God will heal you, my brother? O God, as this fine man stands here, looks big and healthy. But the devil is no respect; he tackles the strong the same as the weak. And now, diabetes is striking him. Oh, I pray, Father, that somehow, that down from the shadows of the cross, here... As I noticed him while I was preaching, see him taking in those words, I pray that this will be the night that the diabetes will start leaving his body and soon he will be pronounced totally well. Grant it, Father. In Jesus' Name I offer this prayer of faith for him. Amen. Bless you, my dear brother.

God bless you, brother dear. You believe that He will make you well? O dear God, as this brother looks me into the face and said, "I absolutely believe that Jesus Christ will heal me." I pray now, and bless him in that wonderful, all sufficient Name of the Lord Jesus, and ask that His Divine Presence, Who's now here watching this prayer line as they are coming through, may he be healed as I offer this prayer of faith in Jesus' Name. Amen.

God bless you, brother. Consider it finished and go rejoicing.

**L-112** Little girl? Deaf, mute. I don't say that she will receive her conditions here. Are you her father? Are you a Christian? You believe that He will do it? You do? Does the audience believe that this little mute will be healed?

Now, remember. I'm not asking God for miracles. No. But if He desires to do them, all right. If He will come in this audience and take and do the things that He's done, that's a miracle enough to convince that He's here, don't you believe it?

But the reason I'm asking these little children be...?... they're too little to have faith for themselves. If they can just say one little word. When Elijah sent Gehazi up to look at the cloud, he said, "I see one about the size of the hand of a man." He said, "I hear the sound of abundance of rain." If God will just give this little girl... I noticed the deaf woman out there nodding her head to me. Can you hear me all right...?... sister? If you are wave your hand. There she is, setting right here on the front line: awhile ago deaf, now she hears. See? We thank God for that. [\[I Kings 18:41, 44\]](#)

**L-113** Now, that's just--just ask if we can find favor with Jesus. I'm going to ask you something, friends. You're trying...?... just as much as my little prayers. It's your Father in...?... And we pray, let's just...?... I'm going to put my hands over her now and ask this blessing.

Now...?... anointing...?... appears here. It's hard not to...?... line...?... to keep those discernments down, but I'm trying to get the line through. Just getting late. Now, let's just bow our heads, be real reverent. What if this was your little girl, your little sister. Now, be real reverent.

Now, brother, I don't know that He will do it. Whether He does or not, we'll believe it anyhow, won't we? All right. Let me have the child.

**L-114** Now, precious Lord, this dear, sweet little darling standing here with her little brown eyes looking up...?... little sandy hair, a beautiful little thing. Maybe someday be the wife of some little minister if You tarry. But the devil has done evil. He's took this condition and placed it upon her. And I pray that You'll heal her. O God, to encourage the heart of the father, and to encourage the child, will You just give her her healing just a little now, Lord, that they'll see that the sign of the cloud is there, that You're doing it. The child in this condition never being able to hear anything, it--it's... We know that she won't know what to do with it. But the father will instruct her.

And now, with my hands over this child's ears, commissioned by an Angel of God, I adjure the deaf, mute spirit to leave the child, in the Name of Jesus Christ.

**L-115** Now, I want every head bowed, every eye closed, and be in prayer just a moment. I just want to check the child to see what our Lord has done. Now, be sure. Keep your heads bowed, for the spirit might come to you.

[Brother Branham clicks his fingers--Ed.] Ice cream, ice cream... Want some ice cream? [Brother Branham claps his hands.] Hear that? Say, "Da, daddy. daddy." Say, "Daddy, dad-dy."

Now, remember she's never heard. Keep real quiet just a minute. I actually believe the girl can hear, and I'm going to try to get her to speak just a moment. If you just be real reverent.

Dad-dy. Open your mouth. Da-da-dad-dy. Da-- Open mouth.

If I could just get her to open her mouth. See, she don't know what I'm trying to do.

Da-da [Brother Branham claps--Ed.] She can hear it. She could hear it. [Brother Branham claps again.]

Now, who's that? Dad-dy. Open. Da--daddy, daddy, daddy. Just in...?... [Brother Branham claps.]... Say...?...

### **57-0602 - Branham Tabernacle, Jeffersonville, IN (Paragraphs: 54 - 74)**

**L-55** And now, we pray, God, as we Your children stand here making intercessions for each other in the Name of the Lord Jesus, for the infirmities that is in our body caused by sin of the past, and of the wickedness of the world, and our mortal flesh, so subject to all the enemy because it's still sin. And we say that the Bible declares unto us plainly that the Holy Ghost helps our infirmities in intercession.

And we come to Thee, Father, this morning, humbly believing that You will make intercessions for us now that as we confess our sins and our wrongs and our desires for Thee, our hearts are hungering to be well, so that we could serve and do the work that You would have us to do. Grant, Lord, as Your elder goes forward anointing, I come laying hands upon the sick, may the Spirit come forth healing. We ask this to be through Jesus our Lord.

**L-58** God bless you. Brother George Calvin's wife's in the Norton's Infirmary hospital in Louisville, to you who's making visits to see them. And--and Mrs. Calvin who had cancer of the stomach, her--her mother-in-law is better, so we're thankful for that.

Now, just to you people who are sick and was prayed for. I'd like to say this, just a little word. We're just a little late, but just a little something concerning Divine healing. Oh, it's such a wonderful thing. And it's so simple to--to approach it if you just take the right attitude towards it. See?

**L-59** Now, the vision that I had and explained it in the church here about the water, you remember that? And the dam being on the left-hand side and the river running back that way? Every bit of it unfolded right there in Canada just perfectly. And the Saskatchewan River runs east instead of west, and the falls was on that side instead of the other, one end. And it cold, blowing, and snowing, come back out and there wind--sun was shining. Went right in there and found the old stump, everything, just as perfectly as it could be, and a turn around in my ministry. Exactly.

The Lord revealed here a few weeks ago what to do for the discernment, and so forth, has begin to be the greatest blessing. And we can pray for the people more.

**L-60** And now, on the platform after the visions was over... We called the visions in the plat... first to begin with. And then when the people come up, was first, you'll see the testimony now...

Now, here's the reason, right here, if--if we hadn't have been raised together. See? We're just kids here together that we've been raised together. That's the reason, you know... Oh, you know that I like to hunt, and fish, and so forth; and that--that's what takes it away. Brother Bill is just your brother. See? That... You love me and I love you. See?

And you come out here and well, if--if you wanted your lights fixed, you wouldn't care to call me to come do it, try it. And if I couldn't, I'd call Brother Rodey, so then we just... or something, you know on that order. See? And that's just common among you. Somewhere else it seems to be different. When we... Well, now, we don't...

[Blank.spot.on.tape--Ed.] That's one of the makeups just like brown and blue eyes. See? It--it's just one of the makeups. We can't help that.

**L-61** In Canada, when I got there, well of course, I told you what had happened. We had several thousand people out, but they were mostly all Anglican and Baptist, and so forth, which has sponsored my meeting. Pentecostal people has flatly turned me down. So then, but that's all right. I... That... I love them just the same. See?

But in there that night, a woman come to the platform the first in the meeting. And she'd been blind I don't know how long, just like the lady that comes here we pray for. They had to lead her to the platform. She couldn't tell daylight from dark. She had been that way for years. And standing there praying for that woman, her eyes come open on the platform. And she goes down and gets a typewriter and types her own testimony to me.

**L-62** The next through was a little boy that was absolutely... The little lady here who come here and prayed awhile ago about a little child was a mute. We had that child there on the platform. I think it was about, oh, I'd say about eight or ten years old. Couldn't... Didn't know one word, couldn't make a mutter, couldn't hear a thing, never did, was born that way, absolutely no hearing, no speech. Stood there, and cried, and praised the Lord, and could hear anything, and run off the platform rejoicing.

The next come was a spastic child about twelve years old. Billy helped pack him up to the platform and

two men. He was in such a fix, just like this. See? Reminds me of little Edith Wright. And they brought that little thing there. And while I was praying he said, "Let me down. Jesus has healed me." Well, what could we do but let him down? And when he did, he walked down through there going like this praising God, and shouting, and walking up-and-down that place like that. And people fainting almost in the audience like that.

**L-63** Then come a little hunchback, big hump in his back. And he was a Catholic. 'Course we understand they believe in healing. Now, to you Catholic people, nothing against you. That's all right. See? It... But they believe in like the statues and so forth. You see? And--and I said, "Now, look, sonny. We do not believe in healing that way. We don't believe in touching statues. We believe that we are by grace of God, sons and daughters of God. See? And God's Spirit is in us."

And I said, "Now, here's the way we believe it. Here comes along... Jesus came by one day, and there was a tree standing there. And He said... And He looked for fruit and there was no fruit. He said, 'No man eateth from thee from forevermore.' Went on away. And the next day when they passed by, that tree was withering." [\[Matthew 21:18-22\]](#)

**L-64** Peter said... Why, you know Peter, how he was; he--he said, "Why, look at the tree. Behold it." And Jesus said, "Have faith in God, for if you would say to this mountain, be moved, and don't doubt, but believe that what you say shall come to pass, you have what you say." [\[Mark 11:22\]](#)

I said, "You get that?"

"Yeah."

"When you pray, believe that you receive what you ask for. You shall have it." And I said, "See, we, after receiving the Spirit of God... Now, God made the world out of nothing. It's just His Word. He just created. His Word is creation, so He just spoke it, and the world was created because it was the object in God's mind in His heart. He just spoke it, and it come into existence. He was a Creator." [\[Matthew 21:22\]](#)

**L-65** I said, "Then if we have Zoe, God's Life, in us, we become sons of God and amateur creators." I said, "'Cause He said, 'Whatever you say, believe that what you say, you shall have.' And I've noticed that. A lot of times I'd say things that I couldn't hardly think myself, but I'd say it anyhow. I come to find out, it did happen just that way. I'd say things that I didn't hardly didn't mean for it to happen that way, but it did anyhow because I'd said it."

I thought, "Wait a minute." So I said, "You see, when we speak anything, if something is anchored to us, we shouldn't never speak it till we believe it. Then when we believe it, we speak it, and that creative word goes out. It's a part of God. See? And it creates."

**L-66** Said, "I understand." I put my arms around him, prayed for him.

Knowing him being Catholic, I said, "Now, you just wait. Tonight when you go home, you put a little string around you like this and pull it up tight, let mommy do it. And cut it off, and then tomorrow night if it hasn't shrunk three inches, then I'm a false prophet. Bring it back and bring the same string, cut it off, and lay it up here."

After that I thought, "What'd I say? What'd I say?" What if that would been some criticism there. You see?" I thought, "But if God said it, 'cause I didn't know I was going to say it. So I'll just leave it right like that, let him go ahead." Next night it was just about that long. See, where he...

**L-67** So the next, couple after that was a little boy come through, a little hump on his back, come way out like that. There'd been a whole bunch of little French Canadian Catholic had come down, and was saved and filled with the Holy Spirit there. See? And this little boy had a arm down like that, a little hump on his back, a little bitty fellow about like this. He come through, and I was just going to pray for him.

I said, "Honey, you see what I told that other boy about his little shoulder, and his..." See, the little hunchbacks they can't raise their arms like that, see the hump. Something goes in the back here.

He said, "Yes, sir." Said, "I can't come back." And find out, he was a real poor family from way over in British Columbia. See? Didn't have any money to stay any longer.

**L-68** I said, "Well, God will heal you, honey." I put my arm around him. Now, I--I--I don't want to--to say something isn't right. I--I want to say what is right. You see? And I had my arm around the little fellow, and my hand over that big hump, and it felt to me like that hump moved and my hand went in. So when I quit praying I looked at him, his little eyes part... I said, "Did you feel that?"

He said, "Yes, sir, I did." I looked around, there wasn't any hump there.

I said, "Raise up your hand." And here he went just perfectly normal right before the audience there. And oh, that was just, oh, I don't know how many great things our Lord did every night of the deaf, dumb, blind.

**L-69** And you know that little girl I tell you about in Germany that had that... You know how she come up the platform, and it made the Communists taking the sales away down there and say... That story repeated perfectly. A little girl come up, had long plaits, little peaked looking face, blind. They led her up.

And I said, "She looks like the little German girl," little eyes white. I said, "She looks like the little German girl that was in Germany." I said, "How many in here ever read or heard on the tapes and so forth?" And oh, hundreds and hundreds of hands. I said, "It looks just like that little German girl." And I said, "Are you her father?"

He said, "Yes, sir."

I said, "What are nationality?"

I said, "I'm German." Said, "We're--we're German," both he and his wife both.

**L-70** Well, the little German girl exactly, them little plaits hanging down her back like that... Oh, I thought, "Lord, if You just do it again." See? Now, what is it? I thought, "Now, I... If I can just give me that faith to know that it's going to be that way, I can speak it, and I believe it'll happen. But first, it has to happen here first. See?

So I got it with all the sympathy I could with the little thing. And I brought her up like that. And I said, "Can you see anything?"

"No, sir." Said she hadn't seen... Oh, I don't think she... Maybe she never did see. I don't know just how long it'd been since she'd seen, maybe never. Her little eyes just was like little white balls over them like that.

**L-71** And so, I held the little thing like that and prayed for her. And she was smiling when I turned her loose. I said, "Do you see, honey?"

Said, "Yes, sir." And she started smiling, little tears running down her little cheeks, just a little thing about like that. I said, "Do you really see?"

She said, "Yes, sir."

I said, "Now, you come over here where I am, and put your finger on my nose." And here she come smiling like that and went over and put her finger on my nose. And I said, "How many fingers I got up?"

She said, "You have five." And her father just like to fainted.

I said, "What'd you say, honey? How many fingers?"

She said, "You only have one now." And there she was totally blind, received her sight. Oh, He is wonderful. It's--it's almost unbelievable.

**L-72** But friends, I might get back tonight. If I not, maybe next Sunday. Don't forget our meeting in Indianapolis starting now.

Look, I have something I want to speak to the church. It's a message on the times. We are at the end, folks. Look. Look at these cyclones, and these tornadoes, never was heard. Look at the earthquakes, everything, every nation.

**L-73** And brother, they're talking about this disarmament program. That's exactly what the devil wants. Just stack them up over yonder so he can blow the whole thing up. That's just exactly what he wants. See? Oh, we're living on the top of the powder keg, and the fuse is at the end.

What I spoke of this morning, life. Oh, you seek that with all your heart. It-it... I couldn't... If you too... tell people too many things, they get all mixed up, and they don't know what you're saying then. You see? It's... You can't talk to people, but just one thing at a time is the best way to get it. And I don't have but just maybe one meeting now and then with you, and I can't tell you like I want to. You see? And you get all muddled up when I get to telling you too many things.

**L-74** But this one thing remember this morning; seek Life. Oh, pursue after It. Thirst for It. Just keep reaching for It. Don't let nothing stand in your way. Seek for It. Until we do that, as we leave, we must do what?

*Take the Name of Jesus with us,*

*Falling prostrate at His feet.*

*King of kings in Heaven we'll crown Him,*

*When our journey is complete.*

*All right. Up to our feet.*

*Take the Name of Jesus with you,*

*Child... (Whatever you want.)*

*... will joy and comfort give you...*

I tell you what let's do. Turn right around and shake hands with somebody there, saying, "How do you do, brother? I'm sure glad that you came."

*(Precious name)... (O how sweet)*

*... and joy of Heaven;*

*(Precious name)... O how sweet!*

*Hope of earth and joy...*

## **57-0610 - Cadle Tabernacle, Indianapolis, IN (Paragraphs: 70 - 98)**

**L-71** Now, sister, if the Holy Spirit that was on Christ, has come to the church, and God has set the church in order by teachers, and evangelists, and pastors, and seers, and so forth, do you believe that to be the truth?

Well, then, here we are tonight as a man and woman like the Bible seen of Saint John 4: a man and woman, never met before in life, don't know each other; and here we stand for the first time. Now... But God knows you; He knows me.

Now, if I would speak to you just a few moments, just like Jesus did to the woman at the well, and then, God would reveal to me what you're here for, just like He did to the woman at the well, would you believe that that's His Word when He said, "The same things that I do shall you also." Would you believe it? Would you accept that you're standing in His Presence, not mine?

Would the church do the same thing? You newcomers that's never been in my meeting before, never seen it, I want you to raise your hand say, "If you'll do that..." [[Ephesians 4:11](#)], [[John 14:12](#)]

**L-72** I say to the woman here; I raise my hands. I've never seen the woman in my life, as far as I know. She might've seen me in the audience, but I don't know the woman. Is that right, lady? That's right. Raise your hand like that, just... We've never seen one another.

And you don't have to be up here on the platform. You, out there in the audience, look this way and believe, find out. Look and say, "Lord Jesus, I want to touch You. Let me. If this man's telling me the truth, confirm it to me tonight. I have a need, a certain-certain thing, Lord. If You'll use his lips to speak, which we are the branches; You're the Vine. You energize him to turn and tell me what my need is; I'll believe it with all of my heart." Put Him to a test.

"Prove Me," saith the Lord. That's the Scripture. [\[Malachi 3:10\]](#)

**L-73** All right, sister. If He does it, then that's all He can do. It's up to the audience, whatever they judge it to be that's enough to you. Whatever they judge it, that's up to them. That'd prove God. God's innocent then because He's done it to fulfill His Word.

And what does He mean to... Because of you? No, sir. Because of me? No, sir. But because His Word said He would do it. Jesus said He come and did these things, that it might be fulfilled which is spoken by the prophet.

And that's what is being tonight is to be fulfilled. God don't have to do it, but He said He would do it. And He's obligated to His Word to do it.

**L-74** Now, I'm talking to you, 'cause you're the first person. I've been a--out from the meetings for seven, or eight, ten days. I'm just wanting to see what God would tell me. If He will do it, you'll believe it. Audience will too. That ought to settle it forever.

I see the lady is all upset about something, if the audience still hears my voice. And she's well aware that something's come to her just then. If the lady will be honest with me, just a second ago something come over you real strange. If that's right, raise your hand, lady. Did you ever see that picture of that Angel? I seen that Light coming right down. It's that's what's on you right now. That's what's making you feel that way. I'm looking right exactly at it. It's kind of milky, misty around you.

**L-75** I see you're going somewhere but you're all upset. Somebody's told you something that's got you upset. It's a--it's something, it's a--oh, you're nervous because a doctor has been doctoring you, and it's something about your throat. And that was a... I see him look around behind you, shake his head to someone. It's a malignancy. No, it was.

And they take the... And it's been x-rayed and the malignancy has gone. But what you want prayer for is about the injury of the saliva glands. You can't get moisture in your mouth for the saliva. That's what you want to be prayed for. That's THUS SAITH THE LORD. Is that the truth?

Now, you know that there's Something here that knows you then. Now, you feel a little different now, don't you? See, it fled from you. See there, it's just a perfect... See? It's left from you. Now, you have what you've asked for, 'cause it's Life. Feel that feeling, real comfortable like? I seen you swallow. You're healed now if you can go on your road, be made well. God bless you, then. God be merciful and bless you, sister. Have faith in God. [\[Mark 11:22\]](#)

**L-76** How do you do, lady? We are strangers to each other, I suppose, our first time, perhaps, meeting in life. But God knows both of us. And do you believe that He has raised Jesus from the dead? And then, if He went away, He said the Comforter wouldn't come but when the Comforter would come, He would abide with us forever and do the same works that Jesus did.

Now, if I tell you, sister, "You're sick; I can heal you," you'd have a right to doubt that. See? But if He will come and tell you what has been, you know whether that's been right or not. You know that. See, it's what has been, that would confirm it. Then if He knows what has been, surely He know what will be. See? Well, that's His promise.

**L-77** Now, if the audience is still hearing my voice, the woman is seriously ill. And she's got a something like an arthritis. I see her getting stiff and can't... Oh, and I see a dark shadow moving in, cancer. And that cancer is in the back or spine, the shadow of death. You've been give up. It cannot be well. That--at least that's what they told you. That's the truth. If that's right, raise your hand?

Now, the doctor has done all he knows how to do, but the Great Physician is here, sister. That's Him that speaks, not me. That Voice that was speaking just then, that wasn't me, sister. Frankly, I don't know what He said to you right now. But whatever He said, I know it's the truth.

Now, if you know that that Presence of God is so close... He said, "These signs shall follow them that believe: If they'll pray, lay hands on the sick, they shall be recovered." You believe that? Let me just

pray then, will you, sister?

I want the audience, if you will... Now, look, not only I, sister, my prayers is just the prayer of one person. Looky there, there's hundreds of people setting there. They're going be praying too. Won't you, friends? Won't you be praying for this woman? [\[Mark 16:17-18\]](#)

**L-78** Now, what if this was your mother? Your wife? Let us bow. Now, blessed Lord, there does not lay in man power to heal. That lays in the Father God. But there is gifts in the church, gifts of faith, gifts of discernment. They're set in the church apostles, prophets, teachers, evangelists.

And this dear woman dying... Your servant, the doctor, has perhaps done all they could for her. And they failed to get that enemy. But he can't hide from You, Lord. You know right where he's at. And with this great, mighty church praying, in Christ's Name I ask for her healing. Along with these hundreds of prayers that's going just now in her behalf. And Thou will not close Thine ears to prayer. But You will hear them answer in Jesus' Name. Amen.

Now, don't fear. Just go if--if it never had even happened; walk in the strength of the Lord. I seen them lead you up here. But no matter what's wrong with you, it was wrong with you; it isn't now. See? Prayer had changed it. It's from death to life. Straighten yourself up and walk in the Name of the Lord and be well. God bless you now; go on your road rejoicing. [\[Ephesians 4:11\]](#)

**L-79** Let's say, "Praise the Lord."...?... Now, your prayers is what does that. See? Your prayers, your faith, joining with their faith. Now, be real reverent. And don't doubt.

I suppose we're strangers to each other, but you know me, I don't know you as far as I know. You might've seen me places, but I don't know you, have no idea what you're here for, but Christ does know, doesn't He?

Lady, setting there looking at me, just shook your shoulder then. Have a kidney trouble your praying for. That's right, isn't it? You was praying just then, Oh Lord, I'm the one that he was speaking to. Let Him call me tonight." If that's right, raise up your hand? You had... See, there you are. Raise your hand. Your healed now. Your faith has made you well. Just have faith.

**L-80** You're all beset about something. You're real nervous, but your nervous is not from any affliction. Your nervous is a mental nervousness. It's a mental strain. And I see someone standing near you. You're praying, and in your daily devotions, you're asking God for something great. You're asking God for something good. If God will tell me what that is, will you believe you'll receive it? You're asking God for a Christian home and you're praying for an unsaved husband. That's THUS SAITH THE LORD. If that's right, raise your hand?

Father God, in Christ's Name, I pray that You will grant to her the desire of her heart. Amen. God bless you, sister. Have faith; don't doubt. Believe; all things are possible.

**L-81** How do you do, lady? Suppose us being strangers to each other, our first time maybe meeting in life, but God knows us both, doesn't He?

I think it was merely the Spirit following the lady there. I thought it was somebody back in here praying, but--but maybe the lady that left... Just be reverent now. Be in prayer.

Do you believe that Jesus Christ, God's Son, raised from the dead, that He is the same yesterday, today, and forever? You believe that He has give His Spirit through His Church and in His Body here on earth, His corporal, physical Body of the Church, the baptized saints of God in the church? And we now are introducing by the Holy Spirit the faith that was once delivered to the saints. You believe this is the same thing? Just like Paul looking down, and perceiving to a man, and--and how that the Lord met him, and showed Simon on the housetop what to do, all the things just exactly... [\[Mark 9:23\]](#), [\[Hebrews 13:8\]](#), [\[Jude 1:3\]](#)

**L-82** Paul going down the ship, and he was praying down there and come out and said, "Sirs, be of a good courage. The Angel of God Whose servant I am, stood by me last night, saying, 'Don't fear, Paul,

you must be brought... " You believe it's the same faith?

You believe it's the same Lord Jesus that talked to the woman at the well? You're here for a growth to be prayed for. And that growth is on your shoulder, your left shoulder. That's right. You believe? Now, see that the more you talk to the woman, more it takes... Watch. Let us talk again.

What was it? Something... No, wait, just don't tell me. I--see I don't understand. It's just when I have to see it.

You're not from Indianapolis. You're from another city; it's a big city, but it isn't Indianapolis. I see something; it's a great body of water near the city or at the city you live. And I believe I see the outer... Chicago. That's right. You're from Chicago. That is right. I seen the Ripley building there...?... But go home and be well. God be merciful and bless this dear person, who I bless in Jesus' Name. Amen. God bless you, sister. Have faith in God. Don't doubt. [\[Acts 22:24-25\]](#), [\[Mark 11:22\]](#)

**L-83** Do you believe? You believe God will heal you of that colon trouble and let you get well? Well, you're healed then. Your faith... Been scared about it, haven't you? Thought it was cancer. Scared of it, it isn't. You're healed.

I never seen you till today. I've never seen you. You touched Something, didn't you? We are thirty feet apart nearly. You never touched me, you know. But you touched the High Priest, and He moved back through the branch. You see? That's be the same. That's how you know.

Sister, setting right on the end there with your handkerchief up like this, you have a kidney trouble and a back trouble in your back. That's right. Well, you can go home now. You have your healing. Your faith has made you whole. Have faith in God. Don't doubt. Believe with all your heart. [\[Mark 11:22\]](#)

**L-84** We are strangers to each other. Christ knows you. Now, there was in the Bible, there was a man by the name of Nathanael went and found, or Philip went and found Nathanael. And when Nathanael came to Jesus, Jesus knowed, first thing that he was a believer. "Behold, an Israelite in whom there's no guile." And He begin to talk to him and tell him where he come from. And that made a believer out of Nathanael.

I don't know what you're here for. I have no idea. But if God will reveal to me what you're here for, or where you come from, or who you are or some... Oh, you, 'course you got your name across you there. See? All right. But if God will tell me what you're here for, will you believe Him?

I keep seeing a woman come up here, then it vanishes away. The man's praying for a woman, sister in... She's not from this country. She's in another country. I see two cities keep coming before me, two places. She is in Kentucky, and you're from Ohio. The lady has a female trouble and cancer and dying. That handkerchief that you have in your pocket, send it to her. Don't doubt, but believe, and she'll live. Do you believe? Then go, and may Christ make you whole and do the same...?... Yes, sir. It's gone. God bless you, brother. Have faith. [\[John 1:47\]](#), [\[Acts 19:12\]](#)

**L-85** How do you do, sister? I've never seen you in my life as I know of. You have trouble with your ankles, don't you? Bad breathing... Believe with all your heart, it'll stop for you. See?

Your back and legs bother you, being that you raise your hand? Yes, you raised your hand, but it's the other lady over there. But your back and legs that bothers you. That's right. Have faith.

Your trouble is in your arm, Your right arm. It's a tumor, and it's under your right arm and over your shoulder, in your back. Insomuch, that you can't raise your arm. Christ can make you well. Do you believe it? You'll accept it? Let us pray.

Dear gracious God, I pray that in Christ's Name that You'll heal and make well this woman, who I bless in the Name of the Lord Jesus. Amen.

Now, walk out there beside of the place. As you go out there, go believing now. Remember, that's death, it ain't God. To heal you, go out there, and raise your arms up, and say, "Thank you, Lord." Go on your road rejoicing, and be well. All right.

Let's say, "Praise the Lord." Just obey what He says do. When He says do anything, go do it. Don't--don't

think nothing about it, just go do it.

**L-86** I see the Spirit or the Angel of God standing near a colored man way back yonder in the audience. But he's a faithful believer. You're bothered with a rectal trouble, sir, in the rectum, like hemorrhoids. If you believe with all your heart, you can be well.

You thinking there, the lady setting next to you, your wife. She's bothered with high blood pressure. Now, you got it. Amen, there you are. Have faith.

Sovereignty of Almighty God, no respect of race, color, creed. He respects faith to the people who believe in Him. Amen. He's Jesus, the same yesterday, today, and forever. Are you believing now? You believe with all your heart? This could go on hour af--as long as I could. [\[Hebrews 13:8\]](#)

**L-87** Tomorrow night, we're going to start praying for the sick, just bringing them and praying, other things, too.

Let's wait here at this woman here. Let's stop her just a moment. Are we strangers to each other, sister? You saw me last--last year when I was up here, from the audience just up here. But I mean I don't know you. All right. Here's this lady that I do not know and never seen in my life. She said she was here last--last June, and was setting out in the audience, and seen me. And that's the only contact we've ever had with each other, this woman and I.

Now, if Jesus Christ, God's Son, will manifest His love before the audience and if this isn't the faith that was once delivered to the saints, you've never read the Bible. That's all. You've never read the promises; you don't realize that it... [\[Jude 1:3\]](#)

**L-88** See, you say, "Well, I seen Jesus do two or three of those things in the Bible." But don't you... I never seen Him stand with a whole row. Don't you know He said, "More, greater than this shall you do." Not greater, it couldn't be, as greater than quality, quantity, but not in quality. He raised the dead, stopped nature. See? You--you couldn't do any more in quality, but in quantity. "More than this shall you do, for I go to My Father." This is fulfilling what He said. He's the same yesterday, today, and forever. This is the faith that was once delivered to the saints, only in a greater measure. The end time's here. Now, before the Spirit leaves me, I want to see if I could talk to the lady just a minute, just take my time and talk to you a minute.

You and I not knowing each other and meeting here as the first time on this sacred ground, this great, marvelous tabernacle. But Jesus Christ is the same yesterday, today, and forever. And if He will reveal to me what you're here for, you'll accept it? Will the audience with one accord believe that He's here?

[\[John 14:12\]](#), [\[Hebrews 13:8\]](#)

**L-89** I want you to see. As far as I know, I have never seen the woman in my life. She knows that I know not a thing what she's standing here for. Is that right, lady? If that is, just raise your hand so the people can see it above this platform here? Here we are.

You'll have to admit if something takes place, that Something here is Supernatural. It ain't--it--it isn't no make-belief. It's absolutely Supernatural. Now, it depends on what you think it is. The scholars in them days said, "It's Beelzebub, the fortuneteller, the chief of the devils." Which fortunetelling is the devil. And said, "It's the fortuneteller, the Beelzebub."

Jesus said, "That'll be forgiven you, but when the Holy Ghost comes and does these things, it'll never be forgiven them that speak against that." But then He said that the things that He did, we'd do also. Here it is. [\[Matthew 12:24, 32\]](#), [\[John 14:12\]](#)

**L-90** The Jews in them days and the believers said, "It's the Son of God."

Look at this woman, the woman at the well. She said, "Sir..." the Samaritan.

What did the Jew say? "Rabbi, You're the Son of God," when He did it.

What did the Samaritan say? "Sir, I perceive that You're a prophet. We know that when the Messiah cometh, we know we're taught that, that when the Messiah cometh, He will tell us these things. He's

the God of heaven. He will know the secrets of the heart. But Who are You?"

Jesus said, "I am He."

Now, if there's Jews thought that about it, the believing Jews, the Samaritans thought that about it, what does the Gentiles think about it? This is your day. Believe it. [\[John 1:49\]](#), [\[John 4:19, 25-26\]](#)

**L-91** All right, sister. Just... As Peter and John said, "Look on me (See?), look on us." Not to... In other words look don't mean... It means just to pay attention to something, just to speak to you, see what the Father will tell me. I don't know you. It's got to come from some supernatural resource then.

This whole audience here has pledged theirselves. If He'd tell me, you be the witness whether it's right or not. It never can fail. It's God, God permitting this. It can't fail.

One thing, you have a sinus trouble up here in your forehead, bothers you all the time, causes headaches and so forth in your... See you lot of times holding your head like--or your head like this. You're real nervous, all upset, drop things. That's right. Have a thing of falling, stumbling once in a while, too. I see you stumbling. That's right. That's caused, though, by arthritis. You have arthritis. I see you trying to move a chair or something another around, getting around like this to a side place. That's the truth. Is that the truth? [\[Acts 3:4\]](#)

**L-92** And that you might know, you're praying for somebody else. Husband, which is not here, is in Tennessee in a hospital. And the man has... Let's see, they're doing something about something around his arms. I see the doctor. No, it's a hardening of the arteries. And it's affecting his mind, and it's affecting his heart. And just a few days ago, he was praying and give his life to Jesus Christ. That's exactly the truth. That's right. Amen. Now, go believing and receive in the Name of Jesus Christ.

You want to be healed of that stomach trouble? Go eat your supper then. Amen. See? If--if--if thou canst believe, all things are possible. Do you believe? [\[Mark 9:23\]](#)

**L-93** You look very healthy, but you're anemic. You believe by faith we can go to Calvary and have a blood transfusion? Let's do in Christ's Name, I ask for your blood again. Amen. God bless you.

Well, you have a stomach trouble, too. You've had it for long time. It's a nervous condition come on many years ago, during time of menopause, you got real nervous and upset. Since then, you've been thinking, and walking, and wondering, and it caused you to have a peptic condition. You belch up your food in your stomach. It's acidic. That's right. Go, eat your supper now, it's over. God bless you. Have faith.

I see blood dripping; yes, it's watery; it's anemic. All right, you believe that Jesus Christ, God's Son, can heal you and make you well. Go, and be healed, in the Name of Jesus Christ may them words be created.

Come, lady, you believe God will heal you of that heart trouble, make you well? If you do, go on your road and rejoice and thank God and be made well. Do you believe every one of you?

**L-94** Now look, not excitement, Christ is here. And God's Word is made truth. The faith that was delivered to the saints is operating in this building tonight. You be the judge. God's done His part. There's nothing else can be done but you to believe.

Now, if I have found grace in your heart, you believe what I'm telling you as His servant, while the anointing of the Holy Spirit is here. If any person in here, regardless of what's in your--what is your trouble, heart afflictions, whatever it is; the atonement of Jesus Christ at Calvary taken care of that condition for you if you believe it. Nineteen hundred years ago, by His stripes you were healed, already done, past tense. He has come and preached it by His Word. He has sent His Spirit to confirm His resurrection. He, personal pronoun, the Holy Spirit that Christ promised to send after nineteen hundred years has found infallible in the Cadle Tabernacle tonight, performing the same things in the body of Christ that He did in Jesus Christ nineteen hundred years ago on the sandy seas of Galilee.

What more could He do? I don't know nothing else that He could do. That fulfills every word that He promised to the church. The same yesterday, today, and forever. [\[Jude 1:3\]](#), [\[Hebrews 13:8\]](#)

**L-95** Now, I'm going to ask you something. I will... How many sick people, raise your hands? Now remain with your hands up. Bow your heads. Christians praying. Repeat this prayer after me.

O God, our Father, I now believe with all that was in my heart. I believe in Jesus Christ, Thy Son. And if I have did any sin, forgive me, as I confess my wrong in the Presence of God, and of the Holy Spirit, and of this church. And O God, I am needy of healing, and I believe that You're here. I believe that You're confirming Your Word. And I believe that someday I'll have to face You.

And now, Lord, forgive my unbelief, and place within me that faith that was once delivered unto the saints, and burn my soul with Thy love, till I will turn my head from my symptoms and believe Thy Word. I now accept it with all my heart in the Name of Jesus Christ. [\[Jude 1:3\]](#)

**L-96** Now, just remain the way you are. That's your prayer. Now, I will pray for you, just as expected to be right here. And everyone pray for one another. Now, when you're praying say, "Oh, the lady setting next to me, the man right across from me, heal him, Lord." Pray for each other. See? Just look and see who's got their hand up around you. And you--you pick out a person you're going to pray for. Each one, pick out a person you're going to pray for. Don't pray for yourself. Pray for the next person that's got their hands up. Don't pray for yourself now. You be praying for the next person, while I'm praying for you all. Let us pray. [\[John 8:58\]](#), [\[Hebrews 13:8\]](#)

**L-97** Blessed Lord, here I am once more standing here at the Cadle Tabernacle. And I've had the privilege of standing here in Your anointed Presence to see the great I AM, not the I was, I AM, that stood at the burning bush that day and proclaimed to Moses, "This is My Name through all generations: I AM."

And the blessed Saviour Who was anointed with God said, "I AM." And here You are tonight in the midst of the people claiming that "I AM the same yesterday, today, and forever."

And, O God, as we are confessing our sins, and our doubts, and our fears, and asking for mercy, look at these hundreds of hands reaching towards heaven. And someone bowed in prayer asking for their neighbor to be healed. "Pray one for the other," saith the Word of God.

And, O God, I pray tonight with all my heart that somehow that real, old fashion, borned-again experience of faith will sweep into the hearts of the people, that every shadow of doubt will be taken away from them. But what they'll know that the person they are now praying for will be healed. And I believe with all my heart that You'll heal every one that's in Divine Presence. And we adjure the devil, who would make us doubt to leave the building, to leave the people, to get in the outer darkness. And may every person in here be delivered tonight in the Name of Jesus Christ, the Son of God. Amen.

**L-98** Now, to you that had your hands up, and beyond any shadow of doubt, you believe that the faith that was once delivered to the saints to take God at His Word and call those things which were not as though they were...

Abraham called those things which were not as though they were right now already happened. Do you have that faith that you won't look to what's wrong with you, but you'll call that which is as though it wasn't and look to the promise of God? If you believe that, each one had your hand up, stand up to your feet.

I have believed solemnly with all that was within me that every person standing on their feet has received their healing through the atonement of the Lord Jesus Christ. God bless you. Raise your hands and rejoice. Now, I turn the service to Brother Boze. [\[Jude 1:3\]](#), [\[Romans 4:17\]](#)
